Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

No exact comparable sales were identified within the relevant period and area. The property is a single-storey unit, while the available sales were either double-storey townhouses or properties with different bedroom, bathroom and car

accommodation configurations. The features, specifications and sale prices of the available properties were considered and factored into determining the price range for the subject property.
