Please note below:
Station numbers (stn) referred to below are those on this plan unless indicated otherwise;

- Stns 1 through to 10 were fixed directly by existing monuments as per IS219813 and other plans. The dimensions between stns 1-2-3-4-5-6-7-8-9-10-5 & 6-9 agree with previous survey IS219813. The distances between these stns are either deed or excess to original except for 9-10 which measures 0.009m short Vs deed (RP34070).
- The angle between stns 6-5-10 is a deed right angle (RP34070). This deed right is parallel to the deed right angle turned at stn 4 shown on IS228099 which was the last plan to survey lots SW of the subject land fronting Station St. (SP192279 also turned this deed right angle from the Station St alignment for side boundaries of its subject easements)
- Stns 11 & 13 fixed by monuments. Distances 11-12-13 agree with RP841711.
- The distance between stns 9-12 measures 40.397m Vs 40.39m on IS153193 and 40.375m on RP841711. This confirms that the excess of 0.019m to original taken between stns 6-9 does not create shortage Vs RP841711 between stns 9-12 (It measures a similar excess of 0.022m Vs RP841711).
- The line between stns 8-10 is also parallel to the line between stns 13-11.
- The measured connection between stns 8-11 agrees with the same connection calculated using RP841711.

Please find enclosed Form 33 - Body Corporate Certificate as requested pursuant to Section 205 of the Body Corporate and Community Management Act 1997.

This Certificate does not include the information about:

- physical defects in the common property or buildings in the scheme.
- body corporate expenses and liabilities for which the body corporate has not fixed contributions.
- current, past or planned body corporate disputes or court actions.
- orders made against the body corporate by an adjudicator, a tribunal or a court;
- matters raised at recent committee meetings or body corporate meetings; or
- the lawful use of lots, including whether a lot can be used for short-term letting.

Could the parties attending to settlement ensure that all outstanding levies are adjusted at settlement and forwarded to SSKB urgently together with the prescribed Form advising of the transfer details to ensure the owner's information is recorded in the body corporate records and they are not disadvantaged by loss of discount and/or interest charges.

Please ensure settlement payments are done via the following:

Biller Code: 74625
Account Number: 974184201

A search of the Body Corporate records should also be carried out to determine if a general meeting has been held or is due to be held which may affect the information provided.

Yours faithfully,

BCCM Form 33

Body corporate certificate

Body Corporate and Community Management Act 1997, section 205(4)
This form is effective from 1 August 2025

For the sale of a lot included in a community titles scheme under the Body Corporate and Community Management Act 1997 (other than a lot to which the Body Corporate and Community Management (Specified Two-lot Schemes Module) Regulation 2011 applies).

WARNING - Do not sign a contract to buy a property in a community titles scheme until you have read and understood the information in this certificate. Obtain independent legal advice if needed.

You may rely on this certificate against the body corporate as conclusive evidence of matters stated in the certificate, except any parts where the certificate contains an error that is reasonably apparent.

This certificate contains important information about the lot and community titles scheme named in the certificate, including:

- becoming an owner and contacting the body corporate
- details of the property and community titles scheme
- by-laws and exclusive use areas
- lot entitlements and financial information
- owner contributions and amounts owing
- common property and assets
- insurance
- contracts and authorisations

This certificate does not include information about:

- physical defects in the common property or buildings in the scheme;
- body corporate expenses and liabilities for which the body corporate has not fixed contributions;
- current, past or planned body corporate disputes or court actions;
- orders made against the body corporate by an adjudicator, a tribunal or a court;
- matters raised at recent committee meetings or body corporate meetings; or
- the lawful use of lots, including whether a lot can be used for short-term letting.

Search applicable planning laws, instruments and documents to find out what your lot can be used for. If you are considering short-term letting your lot, contact your solicitor, the relevant local government or other planning authority to find out about any approvals you will need or if there are any restrictions on short-term letting. It is possible that lots in the community titles scheme are being used now or could in future be used lawfully or unlawfully for short-term or transient accommodation.

The community management statement

Each community titles scheme has a community management statement (CMS) recorded with Titles Queensland, which contains important information about the rights and obligations of the owners of lots in the scheme. The seller must provide you with a copy of the CMS for the scheme before you sign a contract.

The Office of the Commissioner for Body Corporate and Community Management
The Office of the Commissioner for Body Corporate and Community Management provides an information and education service and a dispute resolution service for those who live, invest or work in community titles schemes. Visit www.qld.gov.au/bodycorporate.

You can ask for a search of adjudicators orders to find out if there are any past or current dispute applications lodged for the community titles scheme for the lot you are considering buying www.qld.gov.au/searchofadjudicatorsorders.

The information in this certificate is issued on 21/10/2026

Becoming an owner
When you become an owner of a lot in a community titles scheme, you:

- automatically become a member of the body corporate and have the right to participate in decisions about the scheme;
- must pay contributions towards the body corporate's expenses in managing the scheme; and
- must comply with the body corporate by-laws.

You must tell the body corporate that you have become the owner of a lot in the scheme within 1 month of settlement. You can do this by using the BCCM Form 8 – Information for body corporate roll. Fines may apply if you do not comply.

How to get more information
You can inspect the body corporate records which will provide important information about matters not included in this certificate. To inspect the body corporate records, you can contact the person responsible for keeping body corporate records (see below), or you can engage the services of a search agent. Fees will apply.

Planning and development documents can be obtained from the relevant local government or other planning authority. Some relevant documents, such as the development approval, may be available from the body corporate, depending on when and how the body corporate was established.

Contacting the body corporate

The body corporate is an entity made up of each person who owns a lot within a community titles scheme.

Name and number of the community titles scheme

VIVIR CTS No. **48153**

Body corporate manager

Bodies corporate often engage a body corporate manager to handle administrative functions.

Is there a body corporate manager for the scheme?

Yes. The body corporate manager is:

Name: **Sean De Hoon** Company: **SSKB (Brisbane) Pty Ltd**
Phone: **07 3010 5555** Email: **sskb@sskb.com.au**

Accessing records

Who is currently responsible for keeping the body corporate's records?

The body corporate manager named above.

Property and community titles scheme details

Lot and plan details

Lot number: **604**

Plan type and number: **271858**

Plan of subdivision: **BUILDING FORMAT PLAN**

The plan of subdivision applying to a lot determines maintenance and insurance responsibilities.

Regulation module

There are 5 regulation modules for community titles schemes in Queensland. The regulation module that applies to the scheme determines matters such as the length of service contracts and how decisions are made.
More information is available from www.qld.gov.au/buyingbodycorporate.

The regulation module that applies to this scheme is the:

Accommodation

NOTE: If the regulation module that applies to the scheme is the Specified Two-lot Schemes Module, then BCCM Form 34 should be used.

Layered arrangements of community titles schemes

A layered arrangement is a grouping of community titles schemes, made up of a principal scheme and one or more subsidiary schemes. Find more information at www.qld.gov.au/buyingbodycorporate

Is the scheme part of a layered arrangement of community titles schemes?

No

If yes, you should investigate the layered arrangement to obtain further details about your rights and obligations. The name and number of each community titles scheme part of the layered arrangement should be listed in the community management statement for the scheme given to you by the seller.

Building management statement

A building management statement is a document, which can be put in place in certain buildings, that sets out how property and shared facilities are accessed, maintained and paid for by lots in the building. It is an agreement between lot owners in the building that usually provides for supply of utility services, access, support and shelter, and insurance arrangements. A lot can be constituted by a community titles scheme's land.

Does a building management statement apply to the community titles scheme?

No

If yes, you can obtain a copy of the statement from Titles Queensland: www.titlesqld.com.au. You should seek legal advice about the rights and obligations under the building management statement before signing the contract –for example, this can include costs the body corporate must pay in relation to shared areas and services.

By-laws and exclusive use areas

The body corporate may make by-laws (rules) about the use of common property and lots included in the community titles scheme. You must comply with the by-laws for the scheme. By-laws can regulate a wide range of matters, including noise, the appearance of lots, carrying out work on lots (including renovations), parking, requirements for body corporate approval to keep pets, and whether smoking is permitted on outdoor areas of lots and the common property. However, by-laws cannot regulate the type of residential use of lots that may lawfully be used for residential purposes. You should read the by-laws before signing a contract.

What by-laws apply?

The by-laws that apply to the scheme are specified in the community management statement for the scheme provided to you by the seller.

The community management statement will usually list the by-laws for the scheme. If the statement does not list any by-laws, Schedule 4 of the Body Corporate and Community Management Act 1997 will apply to the scheme.

In some older schemes, the community management statement may state that the by-laws as at 13 July 2000 apply. In these cases, a document listing the by-laws in consolidated form must be given with this certificate.

General by-laws

The community management statement includes the complete set of by-laws that apply to the scheme.

Exclusive use areas

Individual lots may be granted exclusive use of common property or a body corporate asset, for example, a courtyard, car park or storage area. The owner of a lot to whom exclusive use rights are given will usually be required to maintain the exclusive use area unless the exclusive use by-law or other allocation of common property provides otherwise.

Are there any exclusive use by-laws or other allocations of common property in effect for the community titles scheme?

Yes

If yes, the exclusive use by-laws or other allocations of common property for the schemes are:

given with this certificate and listed below

Date of Resolution	Lot	Description	Conditions
04/01/16		REFER CMS	REFER CMS

Lot entitlements and financial information

Lot entitlements

Lot entitlements are used to determine the proportion of body corporate expenses each lot owner is responsible for. The community management statement contains two schedules of lot entitlements - a contribution schedule of lot entitlements and an interest schedule of lot entitlements, outlining the entitlements for each lot in the scheme. The contribution schedule lot entitlement for a lot (as a proportion of the total for all lots) is used to calculate the lot owner's contribution to most body corporate expenses, and the interest schedule lot entitlement for a lot (as a proportion of the total for all lots) is used to calculate the lot owner's contribution to insurance expenses in some cases. Lots may have different lot entitlements and therefore may pay different contributions to the body corporate's expenses.

You should consider the lot entitlements for the lot compared to the lot entitlements for other lots in the scheme before you sign a contract of sale.

Contribution schedule

Contribution schedule lot entitlement for the lot: **170**

Total contribution schedule lot entitlements for all lots: **10,001**

Interest schedule

Interest schedule lot entitlement for the lot: **170**

Total interest schedule lot entitlements for all lots: **10,001**

Statement of accounts

The most recent statement of accounts prepared by the body corporate for the notice of the annual general meeting for the scheme is given with this certificate.

Owner contributions (levies)

The contributions (levies) paid by each lot owner towards body corporate expenses is determined by the budgets approved at the annual general meeting of the body corporate.

You need to pay contributions to the body corporate's administrative fund for recurrent spending and the sinking fund for capital and non-recurrent spending.

If the Commercial Module applies to the community titles scheme, there may also be a promotion fund that owners of lots have agreed to make payments to.

WARNING: You may have to pay a special contribution if a liability arises for which no or inadequate provision has been made in the body corporate budgets.

The contributions payable by the owner of the lot that this certificate relates to are listed over the page.

Body corporate debts

If any contributions or other body corporate debt (including penalties or reasonably incurred recovery costs) owing in relation to the lot are not paid before you become the owner of the property, YOU WILL BE LIABLE TO PAY THEM TO THE BODY CORPORATE. Before signing the contract, you should make sure that the contract addresses this or provides for an appropriate adjustment at settlement.

Common property and assets

When you buy a lot in a community titles scheme, you also own a share in the common property and assets for the scheme. Common property can include driveways, lifts and stairwells, and shared facilities. Assets can include gym equipment and pool furniture.

The body corporate is usually responsible for maintaining common property in a good and structurally sound condition. An owner is usually responsible for maintaining common property or assets that their lot has been allocated exclusive use of, or for maintaining improvements to common property or utility infrastructure that is only for the benefit of their lot. The body corporate may have additional maintenance responsibilities, depending on the plan of subdivision the scheme is registered under. For more information, visit www.qld.gov.au/buyingbodycorporate.

Sinking fund forecast and balance - maintenance and replacement of common property / assets

The body corporate must have a sinking fund to pay for future capital expenses, such as repairs or replacement of common property and assets. The body corporate must raise enough money in its sinking fund budget each year to provide for spending for the current year and to reserve an amount to meet likely spending for 9 years after the current year. If there is not enough money in the sinking fund at the time maintenance is needed, lot owners will usually have to pay additional contributions.

Prior to signing a contract, you should consider whether the current sinking fund balance is appropriate to meet likely future capital expenditure.

Does the body corporate have a current sinking fund forecast that estimates future capital expenses and how much money needs to be accumulated in the sinking fund?

Yes - you can obtain a copy from the body corporate records - last sinking fund report: 26/03/24

Current sinking fund balance (as at date of certificate): $ 330,595.77

Improvements to common property the lot owner is responsible for

A lot owner may make improvements to the common property for the benefit of their lot if authorised by the body corporate or under an exclusive use by-law. The owner of the lot is usually responsible for maintenance of these improvements, unless the body corporate authorises an alternative maintenance arrangement or it is specified in the relevant by-law.

Details of authorised improvements to the common property that the owner of the lot is responsible for maintaining in good condition are given with this certificate below

Date	Description	Conditions

Body corporate assets

The body corporate must keep a register of all body corporate assets worth more than $1,000.

A copy of the body corporate register assets is given with this certificate below

Insurance

The body corporate must insure the common property and assets for full replacement value and public risk.

The body corporate must insure, for full replacement value, the following buildings where the lots in the scheme are created:

- under a building format plan of subdivision or volumetric format plan of subdivision - each building that contains an owner's lot (e.g. a unit or apartment); or
- under a standard format plan of subdivision - each building on a lot that has a common wall with a building on an adjoining lot.

Body corporate insurance policies

Details of each current insurance policy held by the body corporate including, for each policy, are given with this certificate.

Alternative insurance

Where the body corporate is unable to obtain the required building insurance, an adjudicator may order that the body corporate take out alternative insurance. Information about alternative insurance is available from www.qld.gov.au/buyingbodycorporate.

Does the body corporate currently hold alternative insurance approved under an alternative insurance order?

No

Lot owner and occupier insurance

The occupier is responsible for insuring the contents of the lot and any public liability risks which might occur within the lot.

The owner is responsible for insuring buildings that do not share a common wall if the scheme is registered under a standard format plan of subdivision, unless the body corporate has set up a voluntary insurance scheme and the owner has opted-in.

More information about insurance in community titles schemes is available from your solicitor or www.qld.gov.au/buyingbodycorporate

Contracts and authorisations

Caretaking service contractors and letting agents – Accommodation Module, Commercial Module and Standard Module

A body corporate may engage service contractors to provide services to the body corporate to assist in the management of the scheme.

If the Standard Module, Accommodation Module, or Commercial Module apply to a community titles scheme, the body corporate may also authorise a person to conduct a letting agent business for the scheme, that is, to act as the agent of owners of lots in the scheme who choose to use the person's services for the letting of their lot.
A service contractor who is also authorised to be a letting agent for the scheme is called a caretaking service contractor. Together, an agreement to engage a person as a caretaking service contractor and authorise a person as a letting agent is typically referred to as ' management rights'.

The maximum term of a service contract or authorisation entered into by a body corporate is:

- 10 years if the Standard Module applies to the scheme; and
- 25 years if the Accommodation Module or Commercial Module applies to the scheme.

You may inspect the body corporate records to find information about any engagements or authorisations entered into by the body corporate, including the term of an engagement or authorisation and, for an engagement, duties required to be performed and remuneration payable by the body corporate.

Has the body corporate engaged a caretaking services contractor for the scheme?

Yes - Name of caretaking service contractor engaged: Lazy Daze Pty Ltd

Has the body corporate authorised a letting agent for the scheme?

Yes - Name of authorised letting agent: Lazy Daze Pty Ltd

Embedded network electricity supply

Is there an arrangement to supply electricity to occupiers in the community titles scheme through an embedded network?

Yes

More information about embedded networks in community titles schemes is available from www.qld.gov.au/buyingbodycorporate.

SCHEDULE C BY-LAWS

Administrative by-laws

1 Definitions and interpretation

1.1 In these by-laws the following terms have the meanings ascribed to them unless the context otherwise requires:

Term	Assigned meaning
Act	the *Body Corporate Community Management Act 1997* (Qld).
Agent	a person conducting the business of acting as agent of an Owner for securing, negotiating or enforcing leases or occupancies for a Lot.
Alter	the erection of a building, a structural change or a non-structural change of any kind, the carrying out of any works or the causing of any damage.
Approved Booking	a booking request by an Owner or Occupier that is approved in writing by the Body Corporate. The Body Corporate may impose conditions of any approval under an Approved Booking, which may include, but are not limited to, timeframes of use, condition of Common Property upon the end of the booking and requiring measures to avoid Unreasonable Noise.
Body Corporate	the body corporate established upon the registration of the Scheme.
Charging Equipment	includes any device, infrastructure or equipment used for the purposes of charging, or re-charging, an Electric Vehicle including, but not limited to, a charging station or a mobile trickle charger which may be connected to a power outlet.
Common Property	Scheme Land that is not included in a Lot.
Electric Vehicle	includes any Vehicle which employs, as a means of propulsion, electronic current, whether alone or in combination with an internal combustion engine which is charged from a source external to the Electric Vehicle.
Guide, Hearing or Assistance Dog	a guide, hearing or assistance dog pursuant to the *Guide, Hearing and Assistance Dogs Act 2009* (Qld).
Hard Flooring	timber, tiles, vinyl, marble or any other equivalent material.
Heavy Vehicle	includes a Motor Vehicle in excess of three tonnes weight loaded and included, irrespective of weight, all mobile homes, caravans, boats and campervans.
Inside Area	in relation to a Lot or exclusive use area, an area that is not an Outside Area.
Letting Agent	the person or corporation who from time to time holds an authorisation to act as the Letting Agent for the Scheme.
Lot	a lot in the Scheme.
Motor Vehicle	includes motorbikes and scooters, but does not include Heavy Vehicles.

Occupier	any person that occupies a Lot, including an Owner if the Owner occupies a Lot.
Outside Area	includes any of the following areas: a balcony, a courtyard, a patio or a verandah.
Original Owner	CS Nundah 4 Pty Ltd ACN 061 150 074, its nominees, assigns and successors in title and, where the context requires, any relate entity of the Original Owner.
Owner	an owner of a Lot.
Prescribed Area	a floor area that is situated directly above a habitable area (which does not include common property recreation areas, kitchens or bathrooms).
Scheme	the scheme identified in this community management statement.
Scheme Land	a Lot or Common Property within the Scheme.
Service Contractor	the person or corporation appointed by the Body Corporate from time to time as Service Contractor to, amongst other things, keep the Common Property maintained in good order and repair.
Smoke	to have control over an ignited smoking product or inhale through a personal vaporiser or hookah.
Unreasonable Noise	noise that creates a nuisance, hazard or interferes unreasonably with the use or enjoyment of a Lot or the Common Property.
Vehicle	cars, motorbikes, scooters, trucks, bicycles, boats, trailers, caravans, camper vans, mobile homes, golf buggies, segways, skateboards, rollerblades or any other equivalent means of transportation.
Visitor	a person invited onto Scheme Land by an Owner, Occupier or Visitor.

1.2 In the interpretation of these by-laws unless the context otherwise requires:

(a) words and expressions defined in clause 1.1 or elsewhere have the meaning ascribed to them;

(b) terms not defined in clause 1.1 or elsewhere but which are defined in the Act have the meanings given to them in the Act;

(c) where a word or phrase is given a particular meaning, other parts of speech and grammatical forms of that word or phrase have corresponding meanings;

(d) clause headings are inserted for convenience only and are not to be used in the interpretation or construction of these by-Laws;

(e) words importing any gender include all other genders;

(f) words importing the singular include the plural and vice versa;

(g) a reference to a clause is a reference to a clause of these by-laws;

(h) a reference to a person is to be construed as a reference to an individual, body corporate, unincorporated association, partnership, joint venture or government body;

(i) a reference to anything (including, but not limited to, any right) includes a part of that thing but nothing in this clause implies that performance of part of an obligation constitutes performance of the obligation;

(j) a reference to a statute, regulation, proclamation, ordinance, standard, or by-law includes all statutes, regulations, proclamations, ordinances, standards or by-laws varying, consolidating or replacing it, and a reference to a statute includes all regulations, proclamations, ordinances and by-laws issued under that statute;

(k) where these by-laws say that something can or must be done by the Body Corporate then that thing may be done by the Committee unless there is a legal restriction on the Committee doing so;

(l) all by-laws must be constructed so as to be valid, legal and enforceable in all respects. If any by-law is illegal, invalid or unenforceable it is to be read down to such extent as may be necessary to ensure that it is legal, valid, or enforceable as may be reasonable in the circumstances so as to give valid operation of a partial character. If any such by-law cannot be read down, it is deemed void and severed and the remaining by-laws are not in any way affected or impaired;

(m) these by-laws must be read in conjunction with the Owner's and Occupier's obligations under the Act.

2 Applicability to visitors

2.1 Occupiers must take reasonable steps to ensure that their Visitors comply with these by-laws on the basis that the by-laws apply to Visitors to the extent that the by-laws apply to the Occupier.

3 Occupier details

3.1 Owners must provide the Body Corporate with the name and service address of any Occupier and Agent for their Lot.

4 Applications and communications to the Body Corporate

4.1 Applications and communications to the Body Corporate submitted or issued by Owners and Occupiers must be:

(a) in writing; and

(b) addressed to the secretary of the Body Corporate.

Regulating conduct and interferences

5 Nuisances

5.1 Owners and Occupiers must:

(a) not use or permit the use of a Lot or the Common Property in a way that:

(i) causes a nuisance;

(ii) causes a hazard; or

(iii) interferes unreasonably with the use or enjoyment of another Lot or the Common Property;

(b) communicate with the Body Corporate, Body Corporate contractors, Owners or Occupiers in a way that is reasonable; and

(c) ensure that when the Lot is used, sufficient floor coverings are installed in the Lot to prevent the transmission of Unreasonable Noise from the Lot.

6 Smoking

6.1 Owners and Occupiers must not Smoke on Scheme Land unless the smoking is in:

(a) an Inside Area forming part of their Lot or exclusive use area; and

(b) a way that does not cause a nuisance, hazard or unreasonable interference with another person's use and enjoyment of the Common Property or a Lot.

7 Parking and Vehicles

7.1 An Owner, Occupier or Visitor must not, without the written approval of the Body Corporate:

(a) use a Vehicle in a way which creates a hazard; or

(b) park a Vehicle on the Common Property except if the parking is:

(i) by a Visitor in a designated visitor car park; or

(ii) authorised in an exclusive use by-law.

7.2 An Owner or Occupier must provide to the Body Corporate the details of any Vehicles used by an Owner or Occupier on Scheme Land, including the registration number of the Vehicle.

7.3 A Visitor who parks in the designated visitor car park must display a notice on its Vehicle which includes:

(a) the Visitor's contact phone number; and

(b) the Lot number of the Owner or Occupier who the Visitor is visiting.

Note – an Owner or Occupier's Vehicle can be towed from the Common Property if parked in contravention of these by-laws without the Body Corporate being first required to send a contravention notice or make a dispute resolution application.

8 Works

Requirement for approval

8.1 An Owner or Occupier must not, without the written approval of the Body Corporate, Alter:

(a) the Common Property; or

(b) their Lot unless the works are of a cosmetic nature that:

(i) does not affect another Lot or the Common Property; or

(ii) are not visible from another Lot, the Common Property or from outside the Scheme .

Conditions of approval

8.2 The Body Corporate may impose conditions of any approval under this by-law, which may include, but are not limited to:

(a) the improvement must be substantially in accordance with the plans and specifications provided to the Body Corporate detailing the way the Owner or Occupier is to Alter the Lot or Common Property;

(b) the way that the Owner or Occupier Alters the Lot or Common Property must be:

(i) carried out by suitably qualified persons in accordance with any building requirements;

(ii) carried out as soon as reasonably practicable;

(iii) carried out in a way that does not cause a nuisance or unreasonable interference with Occupiers of other lots; and

(iv) suitably insured;

(c) the owner of the Lot must maintain any works in a good and structurally sound condition; and

(d) if the Alteration relates to Hard Flooring in a Prescribed Area:

(i) prior to the installation of the Hard Flooring, advice must be sought from a recognised acoustic consulting company to (**Initial Advice**):

A obtain advice as to:

i. suitable floor treatments to ensure that any Hard Flooring does not cause an unreasonable interference or nuisance to another Occupier (**Installation Requirements**); and

ii. the level of floor impact isolation rating required to ensure the Hard Flooring does not cause an unreasonable interference or nuisance to another Occupier (**Minimum Standard**); and

B determine the current level of floor impact isolation rating for the floor (**Current Standard**);

(ii) the Owner or Occupier must provide the Body Corporate a copy of the Initial Advice;

(iii) any Hard Flooring must be installed with materials so as not to cause an unreasonable interference or nuisance to another Occupier and include the Installation Requirements;

(iv) any Hard Flooring must meet the following requirements after the Hard Flooring is installed (**Required Standard**):

A for areas where Hard Flooring already exists – a floor impact isolation rating of at least the greater of:

i. the Minimum Standard; or

ii. the Current Standard; or

B for areas where Hard Flooring does not presently exist – a floor impact isolation rating of at least the Minimum Standard; and

(v) upon completion of the Hard Flooring installation:

(i) the Hard Flooring shall be further tested to ensure that Required Standard has been met (**Final Test**); and

(ii) the Owner or Occupier must provide the Body Corporate the results of the Final Test.

9 Electric Vehicles

Requirement for approval

9.1 An Owner or Occupier must not, without the written approval of the Body Corporate, install or use Charging Equipment for an Electric Vehicle within the Scheme.

Electric Vehicles

9.2 The Body Corporate may impose conditions of any approval under this by-law relating to the installation of Charging Equipment or charging of an Electric Vehicle, which may include, but are not limited to:

(a) the Owner or Occupier must, at all times, supervise the use of the Charging Equipment;

(b) the Owner or Occupier must arrange, in a manner approved by the Body Corporate, for the installation of a separate meter for the purposes of measuring the electricity consumed by the Charging Equipment;

(c) the Owner or Occupier must not connect the Charging Equipment to the common property electricity supply;

(d) the Owner or Occupier must, at the request of the Body Corporate, enter into an agreement to regulate the supply and costs associated with the Charging Equipment;

(e) the Owner or Occupier must obtain and provide to the Body Corporate, if requested by the committee:

(i) a report from a suitably qualified fire engineer which confirms:

A the fire prevention mechanisms which should be implemented with respect to the Charging Equipment (**Mechanisms**); and

B that the Charging Equipment:

I incorporates the Mechanisms; and

II does not pose an unacceptable fire risk to the building;

(ii) confirmation from the Body Corporate's insurance provider that the Charging Equipment does not affect the Body Corporate's insurance policies;

(iii) a report from a suitably qualified energy consultant which confirms that the infrastructure at the Scheme has the capacity to service the Charging Equipment;

(iv) a certificate of compliance from a suitably qualified electrician; and

(v) advice from a suitably qualified contractor which confirms that the Charging Equipment meets an appropriate ingress protection rating with respect to the intrusion of dust or liquid;

(f) the Owner or Occupier must ensure that a circuit breaker is installed to regulate the Charging Equipment;

(g) the Owner or Occupier must ensure that the charging end point is wired directly to the charging station as near as practicable to the Electric Vehicle;

(h) the Owner or Occupier must comply with the installation requirements as determined by the Body Corporate in consultation with a suitably qualified contractor;

(i) the Owner or Occupier must alter the Charging Equipment at the request of the Body Corporate, if such alteration is required to more equitably provide for the provision of Charging Equipment to other Owners and Occupiers;

(j) the Owner or Occupier must carry suitable insurance with respect to any damage that may be caused by the Charging Equipment or Electric Vehicle and provide copies of any policies to the Body Corporate upon request;

(k) the Owner or Occupier must comply with any requests from the Body Corporate or the Body Corporate's insurance provider in relation to the use of the Charging Equipment or Electric Vehicle;

(l) the Charging Equipment and Electric Vehicle must be kept in good condition; and

(m) if the Electric Vehicle is involved in a motor vehicle accident, the Owner or Occupier must have the Electric Vehicle inspected by a suitably qualified contractor to confirm that the Electric Vehicle has not sustained any damage which may make the Electric Vehicle volatile or pose a danger to the building.

10 External appearance

10.1 The Owner or Occupier of a Lot must not, without the Body Corporate's written approval, do anything which changes the external appearance of the Lot which is visible from another Lot, the Common Property or from outside the Scheme.

Note – this includes the placement of an item or the hanging of washing on a balcony.

11 Use of Lots

11.1 An Owner or Occupier must not, without the written approval of the Body Corporate, use their Lot:

(a) for anything other than the purpose that the Lot was designed for; or

(b) if the Owner or Occupier of the Lot is not the Service Contractor or the Letting Agent, in a way which competes with the Service Contractor or Letting Agent.

12 Obstruction

12.1 An Owner or Occupier must not, without the written approval of the Body Corporate:

(a) obstruct the Common Property;

(b) place items on, or use for storage, the Common Property; or

(c) exclusively use the Common Property without an authorising exclusive use by-law.

13 Social functions

13.1 An Owner or Occupier must not, without the written approval of the Body Corporate, use an area of the Common Property for the purposes of an event or a social function.

14 Auctions

14.1 An Owner must not, without the written approval of the Body Corporate, carry out an auction on their Lot or the Common Property.

15 Garage sale

15.1 An Occupier must not, without the written approval of the Body Corporate, carry out a garage sale on their Lot or the Common Property.

16 Body Corporate contractors

16.1 An Owner or Occupier must not, without the written approval of the Body Corporate, provide instructions to contractors of the Body Corporate.

17 Animals

Requirement for approval

17.1 An Owner or Occupier must not bring or keep an animal in their Lot or the Common Property:

(a) without the written approval of the Body Corporate; or

(b) unless:

(i) the Owner or Occupier is a person with a disability under the *Guide, Hearing and Assistance Dogs Act 2009* (Qld);

(ii) the Owner or Occupier relies on a Guide, Hearing or Assistance Dog; and

(iii) the animal is a Guide, Hearing or Assistance Dog.

Conditions of approval

17.2 The Body Corporate may impose conditions of any approval under this by-law, which may include, but are not limited to the conditions set out in this by-law.

17.3 If an Owner or Occupier brings or keeps an animal in their Lot or the Common Property, unless approved to the contrary by the Body Corporate:

(a) the animal must be kept within the Lot and not allowed to roam the Common Property;

(b) the Owner or Occupier must ensure that when passing through Common Property, the animal is suitably restrained or carried;

(c) the Owner or Occupier must immediately pick up and dispose of any waste left by the animal on the Common Property;

(d) the animal must be registered with the council, if the animal is a type that allows council registration; and

(e) the animal must carry an identification tag with the Owner or Occupier's details.

18 Waste

18.1 An Owner or Occupier must not, without the written approval of the Body Corporate:

(a) leave waste on the Common Property other than in a designated waste bin designed for keeping the type of waste being disposed of;

(b) overfill a designated waste bin;

(c) dispose of waste in a way which is not placed in a securely fastened and sufficiently durable bag, so as to reach the garbage bin without breaking open; or

(d) deposit into any garbage chute:

(i) glass;

(ii) cardboard;

(iii) boxes;

(iv) items exceeding 30 centimetres in length;

(v) blankets, bedding or linens; or

(vi) styrofoam packaging, foam beads or packing peanuts.

19 Letterbox

19.1 An Owner or Occupier must:

(a) regularly clear the letterbox designated for their Lot; and

(b) not, without the written approval of the:

(i) Body Corporate, use or interfere with a letterbox designated for the Body Corporate; or

(ii) other relevant Lot Occupier, use or interfere with a letterbox designated for another Lot.

20 Access keys

20.1 An Owner or Occupier must:

(a) not, without the written approval of the Body Corporate:

(i) interfere or tamper with or copy an access key for the Common Property or a Lot; or

(ii) use an access key for which they are not authorised to use;

(b) notify the Body Corporate if they lose possession of an access key for which they are authorised to use; and

(c) ensure any means of access to the Scheme is closed or locked whilst not in use.

21 Restricted areas

21.1 An Owner or Occupier must not, without the written approval of the Body Corporate, access an area that has been restricted by the Body Corporate.

Note – this includes the cleaning storeroom, service cupboards and roof of the Scheme.

22 Use of utility infrastructure

22.1 An Owner or Occupier shall not, without the prior approval of the Body Corporate, use or interfere with any utility infrastructure.

Note – this includes the use of electrical outlets located on the Common Property.

Structure of the scheme

23 Council and development restrictions

23.1 All balconies and terraces shown on the approved drawings and documents, are to remain unenclosed with no shutters, glazing, louvres or similar permanent fixtures other than those consistent with the relevant Brisbane Planning Scheme Codes and Policies and clearly depicted on the approved drawings..

Facilities

24 Lounge area

Booking

24.1 An Owner or Occupier must not, without an Approved Booking:

(a) use the lounge area to the exclusion of other Owners and Occupiers; or

(b) use or permit the use of the lounge area to host an event or a social function.

Without a booking

24.2 An Owner or Occupier may use the lounge area on the conditions that the use:

(a) does not conflict with an Approved Booking;

(b) does not exclude other Owners and Occupiers unless the use is consistent with an Approved Booking;

(c) is not, without an Approved Booking, to host an event or a social function;

(d) does not cause damage to the surface, fixtures or fittings of the lounge area;

(e) cause a nuisance or an unreasonable interference; and

(f) leave the lounge area unclean and untidy after use.

(a) bicycle is only brought onto and removed from Scheme Land by way of the entry to the car park;

(b) use does not prevent other Owner's or Occupier's bicycles from being removed from the bicycle racks;

(c) use does not exceed the capacity of bicycle storage;

(d) use ensures the bicycle is locked and secured to the bicycle rack;

(e) use is not for an unreasonable frequency or duration that would unreasonably exclude other Owners and Occupiers from using the bicycle racks;

(f) use does not cause damage to the bicycle racks;

(g) use does not cause damage to other Owner's or Occupier's bicycles; and

(h) use is for the intended purpose of a bicycle rack.

Exclusive use – car spaces and storage areas

26 Exclusive use – car parking and storage

26.1 Owners are entitled to the exclusive use of that part of the Common Property or an asset of the Body Corporate presently identified in Schedule E or as allocated by the Original Owner (or a solicitor acting on behalf of the Original Owner as the Original Owner's agent) and notified to the Body Corporate during the period ending 1 year after the recording of this CMS for the purposes of section 174 of the Act for the purposes of car parking or storage as described in Schedule E.

26.2 Car spaces which have storage areas adjacent to them to which there is no means of access other than through the car space may only be reallocated under an agreed allocation under section 171(3)(b)(ii) of the Act if the storage area is also subject to the agreed allocation so that, at all times, there is a lawful means of access to the storage area. Tandem car spaces (T) may only be reallocated under an agreed allocation under section 171(3)(b)(ii) of the Act if the related tandem space is also reallocated.

26.3 For the purposes of section 171(3)(b)(i) of the Act, an allocation under this by-law may be revoked, but only if the Owner of the Lot agrees in writing before the revocation.

27 What car spaces and storage areas can be used for

27.1 All car spaces must:

(a) only be used for the parking of a single Motor Vehicle in each parking bay, and if required by the development not be used by vehicles larger than a specified size (as required if applicable by the relevant development approvals);

(b) not be used for the parking of any Heavy Vehicle, servicing or repairing any vehicle or washing any vehicle (unless in an area approved by the Body Corporate for that relevant activity);

(c) not be used for storage, except storage of household furniture and residential belongings in a storage area allocated for that purpose or a storage device approved by the Body Corporate.

27.2 An Owner of Occupier having the exclusive use of a car space:

(a) must ensure that any Motor Vehicle on the car space:

(i) is in sound mechanical condition and roadworthy; and

(ii) is parked so that it does not protrude beyond the boundaries of the car space;

(b) cannot without the prior written consent of the Committee, enclose a car space or install any improvements on the car space.

27.3 All storage areas may only be used for of household furniture and residential belongings (save and except for any areas allocated for use by a Service Contractor or Letting Agent which may be used for storage in connection with such activities).

28 Other rules applying to exclusive use areas

28.1 An Owner or Occupier who has the exclusive use of a car space and storage area (Exclusive Use Areas) must not:

(a) litter or deposit rubbish on the Exclusive Use Area;

(b) store any hazardous substance on the Exclusive Use Area; or

(c) use the Exclusive Use Area in a way that may crease a nuisance to any other person.

29 Maintenance of exclusive use areas

29.1 Responsibility for the maintenance of Exclusive Use Areas is:

(a) Owner or Occupier:

(i) must keep the area in a clean and tidy condition and free from pests and vermin (if the Owner or Occupier fails to do so the Body Corporate may arrange specialist pest treatment (in addition to any regular pest treatment));

(ii) must clean any oil or other spills;

(iii) allow the Body Corporate reasonable access to the area for the purposes of this by-law;

(iv) not install any fixtures or fittings without the permission of the committee;

(v) is responsible for the personal property (including any vehicle or belongings) contained or stored in the area and any loss or damage to or caused by the same;

(vi) with respect to toilet(s): is responsible for payment of all cleaning, consumables and usage (including toilet paper, soap, hand towels, and water usage) associated in any way with the supply to the exclusive use area or part of the lot.

(b) Body Corporate must:

(i) maintain utility infrastructure (such as car park and storage space lighting);

(ii) maintain the structure generally (but if any such maintenance is required due to damage caused by an Owner or Occupier (other than fair wear and tear) the Body Corporate can charge the relevant Owner or Occupier the Cost of the same);

(iii) repaint walls, line marking, numbering, repair of utility infrastructure and other Body Corporate fixtures within the area (but if any such action is required due to damage caused by an Owner or Occupier (other than fair wear and tear) the Body Corporate can charge the relevant Owner or Occupier the Cost);

29.2 All Owners and Occupiers authorise the Body Corporate to periodically clean and hose the Exclusive Use Areas and Owners and Occupiers must remove any Motor Vehicles or other items as required on reasonable notice from the Body Corporate.

Exclusive use – toilet areas

30 Exclusive use – toilets

30.1 Owners are entitled to the exclusive use of that part of the Common Property or an asset of the Body Corporate presently identified in Schedule E or as allocated by the Original Owner (or a solicitor acting on behalf of the Original Owner as the Original Owner's agent) and notified to the Body Corporate during the period ending 1 year after the recording of this CMS for the purposes of section 174 of the Act for the purposes of toilet(s) described in Schedule E.

30.2 For the purposes of section 171(3)(b)(i) of the Act, an allocation under this by-law may be revoked, but only if the Owner of the Lot agrees in writing before the revocation.

31 What toilet areas can be used for

31.1 All toilet(s) must:

(a) only be used in connection with the commercial and/or retail use of the lot;

(b) not be open generally for use by the public (with the means of access for Owners, Occupiers and their invitees to be by keys or other devices);

(c) not be used for storage.

31.2 The Service Contractor and Letting Agent must be permitted by the Lot Owner and Occupier to use the toilet(s) and be provided with the keys or other devices for that purpose.

Guidance

Please refer to Parts [45-2060] to [45-2081] of the Land Title Practice Manual for guidance on completion and execution of this form and refer to Part 45 generally for further guidance on titles instruments involving Community Titles Schemes. Some brief guidance on the completion of Item 3 has been included below for the quick reference of those who are already familiar with executions of titles instruments by a Body Corporate.

Signer Authority Guidance:

Representative of a Registered Owner means a natural person (individual) whose name is recorded on the body corporate's roll as the representative of the registered owner of a lot that is included in the scheme – Refer to Part [45-2070-1] of the Land Title Practice Manual.

Registered Owner – Individual means a natural person (individual) who is the registered owner of a lot that is included in the scheme. If a lot is owned by 2 or more people, it is acceptable for only one of the registered owners to sign the relevant certificate – Refer to Part [45-2070-2] of the Land Title Practice Manual.

Registered Owner - Corporation means the officeholder of the position of 'Director' or 'Secretary' for the corporate entity that is the registered owner of the lot. It is acceptable for only one office holder (Director or Secretary) of a Corporate Entity to execute on behalf of the Corporation in this instance, as by doing so they confirm they are signing as Agent on behalf of the Corporation and hold the requisite authority to do so – Refer to Part [45-2070-4] of the Land Title Practice Manual. The name and A.C.N of the corporation must be included in the 'Entity' field.

Body Corporate Manager under Chapter 3, Part 5 means a Body Corporate Manager appointed under Chapter 3, Part 5 of the respective Module Regulations to perform the functions of the body corporate committee. This is applicable only to Standard Module, Small Schemes Module and Accommodation Modules. This type of body corporate manager should not be confused with the more common type of body corporate manager that assists with the administration of the body corporate - Refer to Part [45-2070-5] of the Land Title Practice Manual.

Person specified as Signatory in the Body Corporate resolution authorising the transaction means the person identified (by name) and specifically authorised in the body corporate resolution, as the person who should execute the instrument. By signing in this way, the person signing confirms that they are one and the same person as is specified in the resolution to sign the instrument and that they have the authority to sign it. A copy of the resolution is not required to be deposited with this form to confirm this authority – Refer to Part [45-2060] of the Land Title Practice Manual.

Constructing Authority - Authorised Officer means the officer for the Constructing Authority that is authorised to execute on behalf of the Body Corporate pursuant to Section 12A of the *Acquisition of Land Act 1967* and Section 51 or 51A of the *Body Corporate and Community Management Act 1997*. The name of the Authorised Officer must be completed in the 'Signer Name' field, and the name of the Constructing Authority e.g. 'Department of Transport and Main Roads' must be entered into the 'Entity' section – Refer to Part [45-2068] of the Land Title Practice Manual.

PRINCIPLES FOR DECIDING THE CONTRIBUTION LOT ENTITLEMENT

1. The contribution schedule lot entitlements for the community titles scheme are not equal. In accordance with s46(7) of the *Body Corporate and Community Management Act 1997 (Qld)*, the contribution schedule lot entitlements (CSLE) for the community titles scheme have been decided using the relativity principle having regard to the following factors:

   (a) how the community titles scheme is structured;

   (b) the natures, feature and characteristics of the lots;

   (c) the purposes for which the lots are used;

   (d) the impact the lots may have on the cost of maintaining the common property; and

   (e) the market values of the lots.

2. The factors in paragraphs 1(a), 1(b), 1(c) and 1(d) have not been used in the determination of the contribution schedule lot entitlements. The only factor used in the determination is market value of the lots.

3. Market value

   This is the only factor which contributes to any variance in the contribution schedule lot entitlements for any lots within the community titles scheme.

PRINCIPLES FOR DECIDING THE INTEREST LOT ENTITLEMENT

As required by Chapter 2 of the *Body Corporate and Community Management Act 1997 (Qld)*, the Interest Schedule Lot Entitlements (ISLE) for the Scheme have been calculated using the Market Value Principle. That is, the ISLE reflects the respective market values of each lot in the Scheme at a point of time relative to all other lots within the Scheme.

SCHEDULE B EXPLANATION OF THE DEVELOPMENT OF SCHEME LAND

Not Applicable.

SCHEDULE C BY-LAWS

Administrative by-laws

1 Definitions and interpretation

1.1 In these by-laws the following terms have the meanings ascribed to them unless the context otherwise requires:

Term	Assigned meaning
Act	the *Body Corporate Community Management Act 1997* (Qld).
Agent	a person conducting the business of acting as agent of an Owner for securing, negotiating or enforcing leases or occupancies for a Lot.
Alter	the erection of a building, a structural change or a non-structural change of any kind, the carrying out of any works or the causing of any damage.
Approved Booking	a booking request by an Owner or Occupier that is approved in writing by the Body Corporate. The Body Corporate may impose conditions of any approval under an Approved Booking, which may include, but are not limited to, timeframes of use, condition of Common Property upon the end of the booking and requiring measures to avoid Unreasonable Noise.
Body Corporate	the body corporate established upon the registration of the Scheme.
Charging Equipment	includes any device, infrastructure or equipment used for the purposes of charging, or re-charging, an Electric Vehicle including, but not limited to, a charging station or a mobile trickle charger which may be connected to a power outlet.
Common Property	Scheme Land that is not included in a Lot.
Electric Vehicle	includes any Vehicle which employs, as a means of propulsion, electronic current, whether alone or in combination with an internal combustion engine which is charged from a source external to the Electric Vehicle.
Guide, Hearing or Assistance Dog	a guide, hearing or assistance dog pursuant to the *Guide, Hearing and Assistance Dogs Act 2009* (Qld).
Hard Flooring	timber, tiles, vinyl, marble or any other equivalent material.
Heavy Vehicle	includes a Motor Vehicle in excess of three tonnes weight loaded and included, irrespective of weight, all mobile homes, caravans, boats and campervans.
Inside Area	in relation to a Lot or exclusive use area, an area that is not an Outside Area.
Letting Agent	the person or corporation who from time to time holds an authorisation to act as the Letting Agent for the Scheme.
Lot	a lot in the Scheme.
Motor Vehicle	includes motorbikes and scooters, but does not include Heavy Vehicles.

Occupier	any person that occupies a Lot, including an Owner if the Owner occupies a Lot.
Outside Area	includes any of the following areas: a balcony, a courtyard, a patio or a verandah.
Original Owner	CS Nundah 4 Pty Ltd ACN 061 150 074, its nominees, assigns and successors in title and, where the context requires, any relate entity of the Original Owner.
Owner	an owner of a Lot.
Prescribed Area	a floor area that is situated directly above a habitable area (which does not include common property recreation areas, kitchens or bathrooms).
Scheme	the scheme identified in this community management statement.
Scheme Land	a Lot or Common Property within the Scheme.
Service Contractor	the person or corporation appointed by the Body Corporate from time to time as Service Contractor to, amongst other things, keep the Common Property maintained in good order and repair.
Smoke	to have control over an ignited smoking product or inhale through a personal vaporiser or hookah.
Unreasonable Noise	noise that creates a nuisance, hazard or interferes unreasonably with the use or enjoyment of a Lot or the Common Property.
Vehicle	cars, motorbikes, scooters, trucks, bicycles, boats, trailers, caravans, camper vans, mobile homes, golf buggies, segways, skateboards, rollerblades or any other equivalent means of transportation.
Visitor	a person invited onto Scheme Land by an Owner, Occupier or Visitor.

1.2 In the interpretation of these by-laws unless the context otherwise requires:

(a) words and expressions defined in clause 1.1 or elsewhere have the meaning ascribed to them;

(b) terms not defined in clause 1.1 or elsewhere but which are defined in the Act have the meanings given to them in the Act;

(c) where a word or phrase is given a particular meaning, other parts of speech and grammatical forms of that word or phrase have corresponding meanings;

(d) clause headings are inserted for convenience only and are not to be used in the interpretation or construction of these by-Laws;

(e) words importing any gender include all other genders;

(f) words importing the singular include the plural and vice versa;

(g) a reference to a clause is a reference to a clause of these by-laws;

(h) a reference to a person is to be construed as a reference to an individual, body corporate, unincorporated association, partnership, joint venture or government body;

(i) a reference to anything (including, but not limited to, any right) includes a part of that thing but nothing in this clause implies that performance of part of an obligation constitutes performance of the obligation;

(j) a reference to a statute, regulation, proclamation, ordinance, standard, or by-law includes all statutes, regulations, proclamations, ordinances, standards or by-laws varying, consolidating or replacing it, and a reference to a statute includes all regulations, proclamations, ordinances and by-laws issued under that statute;

(k) where these by-laws say that something can or must be done by the Body Corporate then that thing may be done by the Committee unless there is a legal restriction on the Committee doing so;

(l) all by-laws must be constructed so as to be valid, legal and enforceable in all respects. If any by-law is illegal, invalid or unenforceable it is to be read down to such extent as may be necessary to ensure that it is legal, valid, or enforceable as may be reasonable in the circumstances so as to give valid operation of a partial character. If any such by-law cannot be read down, it is deemed void and severed and the remaining by-laws are not in any way affected or impaired;

(m) these by-laws must be read in conjunction with the Owner's and Occupier's obligations under the Act.

2 Applicability to visitors

2.1 Occupiers must take reasonable steps to ensure that their Visitors comply with these by-laws on the basis that the by-laws apply to Visitors to the extent that the by-laws apply to the Occupier.

3 Occupier details

3.1 Owners must provide the Body Corporate with the name and service address of any Occupier and Agent for their Lot.

4 Applications and communications to the Body Corporate

4.1 Applications and communications to the Body Corporate submitted or issued by Owners and Occupiers must be:

(a) in writing; and

(b) addressed to the secretary of the Body Corporate.

Regulating conduct and interferences

5 Nuisances

5.1 Owners and Occupiers must:

(a) not use or permit the use of a Lot or the Common Property in a way that:

(i) causes a nuisance;

(ii) causes a hazard; or

(iii) interferes unreasonably with the use or enjoyment of another Lot or the Common Property;

(b) communicate with the Body Corporate, Body Corporate contractors, Owners or Occupiers in a way that is reasonable; and

(c) ensure that when the Lot is used, sufficient floor coverings are installed in the Lot to prevent the transmission of Unreasonable Noise from the Lot.

6 Smoking

6.1 Owners and Occupiers must not Smoke on Scheme Land unless the smoking is in:

(a) an Inside Area forming part of their Lot or exclusive use area; and

Conditions of approval

8.2 The Body Corporate may impose conditions of any approval under this by-law, which may include, but are not limited to:

(a) the improvement must be substantially in accordance with the plans and specifications provided to the Body Corporate detailing the way the Owner or Occupier is to Alter the Lot or Common Property;

(b) the way that the Owner or Occupier Alters the Lot or Common Property must be:

(i) carried out by suitably qualified persons in accordance with any building requirements;

(ii) carried out as soon as reasonably practicable;

(iii) carried out in a way that does not cause a nuisance or unreasonable interference with Occupiers of other lots; and

(iv) suitably insured;

(c) the owner of the Lot must maintain any works in a good and structurally sound condition; and

(d) if the Alteration relates to Hard Flooring in a Prescribed Area:

(i) prior to the installation of the Hard Flooring, advice must be sought from a recognised acoustic consulting company to (**Initial Advice**):

A obtain advice as to:

i. suitable floor treatments to ensure that any Hard Flooring does not cause an unreasonable interference or nuisance to another Occupier (**Installation Requirements**); and

ii. the level of floor impact isolation rating required to ensure the Hard Flooring does not cause an unreasonable interference or nuisance to another Occupier (**Minimum Standard**); and

B determine the current level of floor impact isolation rating for the floor (**Current Standard**);

(ii) the Owner or Occupier must provide the Body Corporate a copy of the Initial Advice;

(iii) any Hard Flooring must be installed with materials so as not to cause an unreasonable interference or nuisance to another Occupier and include the Installation Requirements;

(iv) any Hard Flooring must meet the following requirements after the Hard Flooring is installed (**Required Standard**):

A for areas where Hard Flooring already exists – a floor impact isolation rating of at least the greater of:

i. the Minimum Standard; or

ii. the Current Standard; or

B for areas where Hard Flooring does not presently exist – a floor impact isolation rating of at least the Minimum Standard; and

(v) upon completion of the Hard Flooring installation:

(i) the Hard Flooring shall be further tested to ensure that Required Standard has been met (**Final Test**); and

(ii) the Owner or Occupier must provide the Body Corporate the results of the Final Test.

9 Electric Vehicles

Requirement for approval

9.1 An Owner or Occupier must not, without the written approval of the Body Corporate, install or use Charging Equipment for an Electric Vehicle within the Scheme.

Electric Vehicles

9.2 The Body Corporate may impose conditions of any approval under this by-law relating to the installation of Charging Equipment or charging of an Electric Vehicle, which may include, but are not limited to:

(a) the Owner or Occupier must, at all times, supervise the use of the Charging Equipment;

(b) the Owner or Occupier must arrange, in a manner approved by the Body Corporate, for the installation of a separate meter for the purposes of measuring the electricity consumed by the Charging Equipment;

(c) the Owner or Occupier must not connect the Charging Equipment to the common property electricity supply;

(d) the Owner or Occupier must, at the request of the Body Corporate, enter into an agreement to regulate the supply and costs associated with the Charging Equipment;

(e) the Owner or Occupier must obtain and provide to the Body Corporate, if requested by the committee:

(i) a report from a suitably qualified fire engineer which confirms:

A the fire prevention mechanisms which should be implemented with respect to the Charging Equipment (**Mechanisms**); and

B that the Charging Equipment:

I incorporates the Mechanisms; and

II does not pose an unacceptable fire risk to the building;

(ii) confirmation from the Body Corporate's insurance provider that the Charging Equipment does not affect the Body Corporate's insurance policies;

(iii) a report from a suitably qualified energy consultant which confirms that the infrastructure at the Scheme has the capacity to service the Charging Equipment;

(iv) a certificate of compliance from a suitably qualified electrician; and

(v) advice from a suitably qualified contractor which confirms that the Charging Equipment meets an appropriate ingress protection rating with respect to the intrusion of dust or liquid;

(f) the Owner or Occupier must ensure that a circuit breaker is installed to regulate the Charging Equipment;

(g) the Owner or Occupier must ensure that the charging end point is wired directly to the charging station as near as practicable to the Electric Vehicle;

(h) the Owner or Occupier must comply with the installation requirements as determined by the Body Corporate in consultation with a suitably qualified contractor;

(i) the Owner or Occupier must alter the Charging Equipment at the request of the Body Corporate, if such alteration is required to more equitably provide for the provision of Charging Equipment to other Owners and Occupiers;

(j) the Owner or Occupier must carry suitable insurance with respect to any damage that may be caused by the Charging Equipment or Electric Vehicle and provide copies of any policies to the Body Corporate upon request;

(k) the Owner or Occupier must comply with any requests from the Body Corporate or the Body Corporate's insurance provider in relation to the use of the Charging Equipment or Electric Vehicle;

(l) the Charging Equipment and Electric Vehicle must be kept in good condition; and

(m) if the Electric Vehicle is involved in a motor vehicle accident, the Owner or Occupier must have the Electric Vehicle inspected by a suitably qualified contractor to confirm that the Electric Vehicle has not sustained any damage which may make the Electric Vehicle volatile or pose a danger to the building.

10 External appearance

10.1 The Owner or Occupier of a Lot must not, without the Body Corporate's written approval, do anything which changes the external appearance of the Lot which is visible from another Lot, the Common Property or from outside the Scheme.

Note – this includes the placement of an item or the hanging of washing on a balcony.

11 Use of Lots

11.1 An Owner or Occupier must not, without the written approval of the Body Corporate, use their Lot:

(a) for anything other than the purpose that the Lot was designed for; or

(b) if the Owner or Occupier of the Lot is not the Service Contractor or the Letting Agent, in a way which competes with the Service Contractor or Letting Agent.

19.1 An Owner or Occupier must:

(a) regularly clear the letterbox designated for their Lot; and

(b) not, without the written approval of the:

(i) Body Corporate, use or interfere with a letterbox designated for the Body Corporate; or

(ii) other relevant Lot Occupier, use or interfere with a letterbox designated for another Lot.

20 Access keys

20.1 An Owner or Occupier must:

(a) not, without the written approval of the Body Corporate:

(i) interfere or tamper with or copy an access key for the Common Property or a Lot; or

(ii) use an access key for which they are not authorised to use;

(b) notify the Body Corporate if they lose possession of an access key for which they are authorised to use; and

(c) ensure any means of access to the Scheme is closed or locked whilst not in use.

21 Restricted areas

21.1 An Owner or Occupier must not, without the written approval of the Body Corporate, access an area that has been restricted by the Body Corporate.

Note – this includes the cleaning storeroom, service cupboards and roof of the Scheme.

22 Use of utility infrastructure

22.1 An Owner or Occupier shall not, without the prior approval of the Body Corporate, use or interfere with any utility infrastructure.

Note – this includes the use of electrical outlets located on the Common Property.

Structure of the scheme

23 Council and development restrictions

23.1 All balconies and terraces shown on the approved drawings and documents, are to remain unenclosed with no shutters, glazing, louvres or similar permanent fixtures other than those consistent with the relevant Brisbane Planning Scheme Codes and Policies and clearly depicted on the approved drawings..

Facilities

24 Lounge area

Booking

24.1 An Owner or Occupier must not, without an Approved Booking:

(a) use the lounge area to the exclusion of other Owners and Occupiers; or

(b) use or permit the use of the lounge area to host an event or a social function.

Without a booking

24.2 An Owner or Occupier may use the lounge area on the conditions that the use:

(a) does not conflict with an Approved Booking;

(b) does not exclude other Owners and Occupiers unless the use is consistent with an Approved Booking;

(c) is not, without an Approved Booking, to host an event or a social function;

(d) does not cause damage to the surface, fixtures or fittings of the lounge area;

(e) cause a nuisance or an unreasonable interference; and

(f) leave the lounge area unclean and untidy after use.

25 Bicycle racks

25.1 An Owner or Occupier may use the bicycle racks on the conditions that the:

(a) bicycle is only brought onto and removed from Scheme Land by way of the entry to the car park;

(b) use does not prevent other Owner's or Occupier's bicycles from being removed from the bicycle racks;

(c) use does not exceed the capacity of bicycle storage;

(d) use ensures the bicycle is locked and secured to the bicycle rack;

(e) use is not for an unreasonable frequency or duration that would unreasonably exclude other Owners and Occupiers from using the bicycle racks;

(f) use does not cause damage to the bicycle racks;

(g) use does not cause damage to other Owner's or Occupier's bicycles; and

(h) use is for the intended purpose of a bicycle rack.

Exclusive use – car spaces and storage areas

26 Exclusive use – car parking and storage

26.1 Owners are entitled to the exclusive use of that part of the Common Property or an asset of the Body Corporate presently identified in Schedule E or as allocated by the Original Owner (or a solicitor acting on behalf of the Original Owner as the Original Owner's agent) and notified to the Body Corporate during the period ending 1 year after the recording of this CMS for the purposes of section 174 of the Act for the purposes of car parking or storage as described in Schedule E.

26.2 Car spaces which have storage areas adjacent to them to which there is no means of access other than through the car space may only be reallocated under an agreed allocation under section 171(3)(b)(ii) of the Act if the storage area is also subject to the agreed allocation so that, at all times, there is a lawful means of access to the storage area. Tandem car spaces (T) may only be reallocated under an agreed allocation under section 171(3)(b)(ii) of the Act if the related tandem space is also reallocated.

26.3 For the purposes of section 171(3)(b)(i) of the Act, an allocation under this by-law may be revoked, but only if the Owner of the Lot agrees in writing before the revocation.

27 What car spaces and storage areas can be used for

27.1 All car spaces must:

(a) only be used for the parking of a single Motor Vehicle in each parking bay, and if required by the development not be used by vehicles larger than a specified size (as required if applicable by the relevant development approvals);

(b) not be used for the parking of any Heavy Vehicle, servicing or repairing any vehicle or washing any vehicle (unless in an area approved by the Body Corporate for that relevant activity);

(c) not be used for storage, except storage of household furniture and residential belongings in a storage area allocated for that purpose or a storage device approved by the Body Corporate.

27.2 An Owner of Occupier having the exclusive use of a car space:

(a) must ensure that any Motor Vehicle on the car space:

(i) is in sound mechanical condition and roadworthy; and

(ii) is parked so that it does not protrude beyond the boundaries of the car space;

(b) cannot without the prior written consent of the Committee, enclose a car space or install any improvements on the car space.

27.3 All storage areas may only be used for of household furniture and residential belongings (save and except for any areas allocated for use by a Service Contractor or Letting Agent which may be used for storage in connection with such activities).

28 Other rules applying to exclusive use areas

28.1 An Owner or Occupier who has the exclusive use of a car space and storage area (Exclusive Use Areas) must not:

(a) litter or deposit rubbish on the Exclusive Use Area;

(b) store any hazardous substance on the Exclusive Use Area; or

(c) use the Exclusive Use Area in a way that may crease a nuisance to any other person.

29 Maintenance of exclusive use areas

29.1 Responsibility for the maintenance of Exclusive Use Areas is:

(a) Owner or Occupier:

(i) must keep the area in a clean and tidy condition and free from pests and vermin (if the Owner or Occupier fails to do so the Body Corporate may arrange specialist pest treatment (in addition to any regular pest treatment));

(ii) must clean any oil or other spills;

(iii) allow the Body Corporate reasonable access to the area for the purposes of this by-law;

(iv) not install any fixtures or fittings without the permission of the committee;

(v) is responsible for the personal property (including any vehicle or belongings) contained or stored in the area and any loss or damage to or caused by the same;

(vi) with respect to toilet(s): is responsible for payment of all cleaning, consumables and usage (including toilet paper, soap, hand towels, and water usage) associated in any way with the supply to the exclusive use area or part of the lot.

(b) Body Corporate must:

(i) maintain utility infrastructure (such as car park and storage space lighting);

(ii) maintain the structure generally (but if any such maintenance is required due to damage caused by an Owner or Occupier (other than fair wear and tear) the Body Corporate can charge the relevant Owner or Occupier the Cost of the same);

(iii) repaint walls, line marking, numbering, repair of utility infrastructure and other Body Corporate fixtures within the area (but if any such action is required due to damage caused by an Owner or Occupier (other than fair wear and tear) the Body Corporate can charge the relevant Owner or Occupier the Cost);

29.2 All Owners and Occupiers authorise the Body Corporate to periodically clean and hose the Exclusive Use Areas and Owners and Occupiers must remove any Motor Vehicles or other items as required on reasonable notice from the Body Corporate.

Exclusive use – toilet areas

30 Exclusive use – toilets

30.1 Owners are entitled to the exclusive use of that part of the Common Property or an asset of the Body Corporate presently identified in Schedule E or as allocated by the Original Owner (or a solicitor acting on behalf of the Original Owner as the Original Owner's agent) and notified to the Body Corporate during the period ending 1 year after the recording of this CMS for the purposes of section 174 of the Act for the purposes of toilet(s) described in Schedule E.

30.2 For the purposes of section 171(3)(b)(i) of the Act, an allocation under this by-law may be revoked, but only if the Owner of the Lot agrees in writing before the revocation.

31 What toilet areas can be used for

31.1 All toilet(s) must:

(a) only be used in connection with the commercial and/or retail use of the lot;

(b) not be open generally for use by the public (with the means of access for Owners, Occupiers and their invitees to be by keys or other devices);

(c) not be used for storage.

31.2 The Service Contractor and Letting Agent must be permitted by the Lot Owner and Occupier to use the toilet(s) and be provided with the keys or other devices for that purpose.

Important Note

This services location diagram discloses the existence of service easements for the purposes of s.56(1)(d) of BCCM, and should not be relied upon to excavate, design or construct near services, or for any other reason other than the intended purpose.

Exact locations and depths of services on site should be obtained from suitably qualified persons prior to undertaking any works.

Services on this plan may be plotted from sources such as engineering design information, and may not be verified after construction by survey.

Before You Dig Australia

Think before you dig

This document has been sent to you because you requested plans of the Telstra network through Before You Dig Australia (BYDA).

If you are working or excavating near telecommunications cables, or there is a chance that cables are located near your site, you are responsible to avoid causing damage to the Telstra network.

Please read this document carefully. Taking your time now and following the BYDA's Best Practices and 5 Ps of Safe Excavation https://www.byda.com.au/before-you-dig/best-practice-guides/

can help you avoid damaging our network, interrupting services, and potentially incurring civil and criminal penalties.

Our network is complex and working near it requires expert knowledge. Do not attempt these activities if you are not qualified to do so.

Telstra Corporation Limited ACN 051 775 556

Disclaimer and legal details

*Telstra advises that the accuracy of the information provided by Telstra conforms to Quality Level D as defined in AS5488-2013.

It is a criminal offence under the Criminal Code Act 1995 (Cth) to tamper or interfere with telecommunications infrastructure.

Telstra will also take action to recover costs and damages from persons who damage assets or interfere with the operation of Telstra's networks.

By receiving this information including the indicative plans that are provided as part of this information package you confirm that you understand and accept the risks of working near Telstra's network and the importance of taking all the necessary steps to confirm the presence, alignments and various depths of Telstra's network. This in addition to, and not in replacement of, any duties and obligations you have under applicable law.

When working in the vicinity of a telecommunications plant you have a "Duty of Care" that must be observed. Please read and understand all the information and disclaimers provided below.

The Telstra network is complex and requires expert knowledge to interpret information, to identify and locate components, to pothole underground assets for validation and to safely work around assets without causing damage. If you are not an expert and/or qualified in these areas, then you must not attempt these activities. Telstra will seek compensation for damages caused to its property and losses caused to Telstra and its customers. Construction activities and/or any activities that potentially may impact on Telstra's assets must not commence without first undertaking these steps. Construction activities can include anything that involves breaking ground, potentially affecting Telstra assets.

If you are designing a project, it is recommended that you also undertake these steps to validate underground assets prior to committing to your design.

This Notice has been provided as a guide only and may not provide you with all the information that is required for you to determine what assets are on or near your site of interest. You will also need to collate and understand all information received from other Utilities and understand that some Utilities are not a part of the BYDA program and make your own enquiries as appropriate. It is the responsibility of the entities arranging for the works to be performed, supervising the works, and undertaking the works to protect Telstra network during excavation / construction works.

Telstra owns and retains the copyright in all plans and details provided in conjunction with the applicant's request. The applicant is authorised to use the plans and details only for the purpose indicated in the applicant's request. The applicant must not use the plans or details for any other purpose.

Telstra plans or other details are provided only for the use of the applicant, its servants, agents, or CERTLOC Certified Locating Organisation (CLO). The applicant must not give the plans or details to any parties other than these and must not generate profit from commercialising the plans or details. If the Applicant is aware of another party or parties about to perform or performing works at the location, it should ensure that the other party or parties have lodged a BYDA enquiry and obtained plans for that location. If you are undertaking excavations works you must follow the 5Ps of Safe Excavation. The 5 Ps of Safe Excavation are set out in the video in the below link.

https://www.byda.com.au/education/resources/

Telstra, its servants or agents shall not be liable for any loss or damage caused or occasioned by the use of plans and or details so supplied to the applicant, its servants and agents, and the applicant agrees to indemnify Telstra against any claim or demand for any such loss or damage.

Please ensure Telstra plans and information provided always remains on-site throughout the inspection, location, and construction phase of any works.

Telstra plans are valid for 60 days after issue and must be replaced if required after the 60 days.

Data Extraction Fees

In some instances, a data extraction fee may be applicable for the supply of Telstra information. Typically, a data extraction fee may apply to large projects, planning and design requests or requests to be supplied in non-standard formats. For further details contact Telstra Location Intelligence Team.

Telstra does not accept any liability or responsibility for the performance of, or advice given by a CERTLOC Certified Locating Organisation (CLO). Certification is an initiative taken by Telstra towards the establishment and maintenance of competency standards. However, performance and the advice given will always depend on the nature of the individual engagement.

Neither the Certified Locating Organisation nor any of its employees are an employee or agent for Telstra. Telstra is not liable for any damage or loss caused by the Certified Locating Organisation or its employees.

Once all work is completed, the excavation should be reinstated with the same type of excavated material unless specified by Telstra.

The information contained within this pamphlet must be used in conjunction with other material supplied as part of this request for information to adequately control the risk of potential asset damage.

When using excavators and other machinery, also check the location of overhead power lines.

Workers and equipment must maintain safety exclusion zones around power lines

WARNING: Telstra plans and location information conform to Quality Level 'D' of the Australian Standard AS 5488 - Classification of Subsurface Utility Information. As such, Telstra supplied location information is indicative only. Spatial accuracy is not applicable to Quality Level D. Refer to AS 5488 for further details. Telstra does not warrant or hold out that its plans are accurate and accepts no responsibility for any inaccuracy shown on the plans. FURTHER ON SITE INVESTIGATION IS REQUIRED TO VALIDATE THE EXACT LOCATION OF TELSTRA PLANT PRIOR TO COMMENCING CONSTRUCTION WORK. A plant location service is an essential part of the process to validate the exact location of Telstra assets and to ensure the assets are protected during construction works. The exact position of Telstra assets can only be validated by physically exposing them. Telstra will seek compensation for damages caused to its property and losses caused to Telstra and its customers.

Plan

Plan your job. Use the BYDA service at least one day before your job is due to begin, and ensure you have the correct plans and information required to carry out a safe project.

Prepare

Prepare by communicating with asset owners if you need assistance. Look for clues onsite. Engage a Certified Locator.

Pothole

Potholing is physically sighting the asset by hand digging or hydro vacuum extraction.

Protect

Protecting and supporting the exposed infrastructure is the responsibility of the excavator. Always erect safety barriers in areas of risk and enforce exclusion zones.

Proceed

Only proceed with your excavation work after planning, preparing, potholing (unless prohibited), and having protective measures in place.

Community purposes network overlay	The Community purposes network overlay implements the policy direction in the Strategic framework with respect to Brisbane's coordinated infrastructure planning and delivery, identifying land within the Community purposes network. Refer to Part 8, Part 10 Other Plans, Part 10.3.1 long term infrastructure plans for the Community Purpose Network in the City Plan 2014 and the Factsheets. The Community purposes network overlay includes the following sub-categories: • Existing trunk park sub-category • Existing non-trunk park sub-category • Existing community facilities and land for community facilities sub-category • LGIP planned land for community facilities specific location sub-category • LGIP planned park acquisition specific location sub-category • LGIP planned park upgrade specific location sub-category • LGIP planned park embellishment specific location sub-category • LGIP planned corridor park specific location sub-category • Long term land for community facilities specific location sub-category • Long term park specific location sub-category • Long term corridor park specific location sub-category Refer to the Community purposes network map to see which sub-categories are relevant to specific properties. For property enquiries relating to long term infrastructure contact Council via the Pre-lodgement advice service.
Critical infrastructure and movement network overlay	The Critical infrastructure and movement network overlay identifies critical assets and movement networks. Refer to Part 8 in the City Plan 2014. The Critical infrastructure and movement network overlay includes: • Critical assets sub-category • Critical infrastructure and movement planning area sub-category Refer to the overlay map to see which sub-categories are relevant to specific properties.
Critical infrastructure and movement planning area sub-category	Critical infrastructure and movement planning area sub-category of the Critical infrastructure and movement network overlay.
Potential and actual acid sulfate soils overlay	The Potential and actual acid sulfate soils overlay deals with issues of State Interest. It may include areas of land identified within Brisbane as having potential or actual acid sulfate soils. Refer to Part 8 in the City Plan 2014.
Potential and actual acid sulfate soils sub-category	Potential and actual acid sulfate soils sub-category of the Potential and actual acid sulphate soils overlay.
Land above 5m AHD and below 20m AHD sub-category	Land above 5m AHD and below 20m AHD sub-category of the Potential and actual acid sulphate soils overlay.

Name	Description
Road hierarchy overlay	The Road hierarchy overlay applies to the existing and future road networks, including state controlled roads. Refer to Part 8 and Part 10 Other Plans, Part 10.3.3 long term infrastructure plans (corridor plan) for the road network in the City Plan 2014 and the Factsheets. The Road hierarchy overlay includes: • Motorways sub-category • Arterial roads sub-category • Suburban roads sub-category • District roads sub-category • Neighbourhood roads sub-category • Future motorway sub-category • Future arterial road sub-category • Future suburban road sub-category • Future district road sub-category • Primary freight routes sub-category • Primary freight access sub-category Refer to the overlay map to see which sub-categories are relevant to specific properties. NOTE: Land that adjoins land where an overlay sub-category applies, is within the overlay sub-category.
Streetscape hierarchy overlay	The Streetscape hierarchy overlay identifies the various functions of the streetscape network and determines how development is assessed to ensure high quality subtropical streetscape outcomes are achieved. Refer to Part 8 in the City Plan 2014. The Streetscape hierarchy overlay includes: • Subtropical boulevard - in centre verge width 6m sub-category • Subtropical boulevard - in centre verge width 5m sub-category • Subtropical boulevard - in centre verge width 3.75m/4.25m sub-category • Subtropical boulevard - out of centre verge width 6m sub-category • Subtropical boulevard - out of centre verge width 5m sub-category • Subtropical boulevard - out of centre verge width 3.75m/4.25m sub-category • Centre street major sub-category • Centre street minor sub-category • Neighbourhood street major subcategory • Neighbourhood street minor sub-category • Industrial street sub-category • Pathway link sub-category • Corner land dedication sub-category • Locality street subcategory • Laneway sub-category • Wildlife movement solution sub-category Refer to the overlay map to see which sub-categories are relevant to specific properties. NOTE: Land that adjoins land where an overlay sub-category applies, is within the overlay sub-category.
Transport noise corridor overlay	The Transport noise corridor overlay deals with areas of land identified as being affected by transport noise as established under Chapter 8B of the Building Act 1975. It may include areas of land affected by noise from: • State controlled roads (State mapping) • Franchised roads • Local government controlled roads • Railway land (State mapping)
Designated State Noise corridor - rail network: Category 0: Noise level <70 dB(A)	Designated State Noise corridor - rail network: Category 0: Noise level <70 dB(A) of the Transport noise corridor overlay.
Designated State Noise corridor - rail network: Category 1: 70 dB(A) - 75 dB(A)	Designated State Noise corridor - rail network: Category 1: 70 dB(A) - 75 dB(A) of the Transport noise corridor overlay.
Designated State Noise corridor - rail network: Category 2: 75 dB(A) - 80 dB(A)	Designated State Noise corridor - rail network: Category 2: 75 dB(A) - 80 dB(A) of the Transport noise corridor overlay.

Designated State Noise corridor - rail network: Category 3: 80 dB(A) - 85 dB(A)	Designated State Noise corridor - rail network: Category 3: 80 dB(A) - 85 dB(A) of the Transport noise corridor overlay.
Designated State Noise corridor - rail network: Category 4: Noise Level > 85 dB(A)	Designated State Noise corridor - rail network: Category 4: Noise Level > 85 dB(A) of the Transport noise corridor overlay.
Wetlands overlay	The Wetlands overlay deals with wetlands and surrounding riparian areas. Refer to Part 8 in the City Plan 2014.

Local Government Infrastructure Plan

Name	Description
INCLUDED in Priority Infrastructure Area Note. - some properties may be only partly included in the Priority Infrastructure Area.	The priority infrastructure area identifies the areas that the local government prioritises in order to provide trunk infrastructure for urban development. The purpose of the priority infrastructure area is to align the footprint for development with the plans for trunk infrastructure. LGIP maps are referenced in Part 4 of City Plan 2014. Local Government Infrastructure Plan mapping and support material are in Schedule 3 of City Plan 2014. Refer to Factsheets.

Please also refer to the map indexes relevant to each of the networks: Transport network (pathway network and ferry terminals network) maps; Parks and land for community facilities network maps; Transport network (road network) maps; Stormwater network maps; NOTE: The water supply network and sewerage network related information is now included in Urban Utilities (UU) water netserv plan. Further details can be obtained from UU.

Other Plans

Name	Description
Stormwater network	The Stormwater Code and the Long term infrastructure plans Other plan map for the Stormwater network implements the policy direction in the Strategic framework with respect to a coordinated infrastructure planning and delivery, identifying land within the Stormwater network. Refer to Part 9, Part 10 Other Plans, Part 10.3.2 long term infrastructure plans for the Stormwater network in the City Plan 2014 and the Factsheets. The Long term infrastructure plans Other plan map for the Stormwater network includes the following types of items: • Bioretention swale • Land • Natural channel • Pipe (new) • Pipe (relief drainage) • Culvert • Stormwater quality improvement device • Rehabilitation • Backflow prevention device Refer to the Other plan map for Stormwater network to see which items are relevant to specific properties. For property enquiries relating to long term infrastructure contact Council via the Pre-lodgement advice service.

Mapping versions

Vegetation mapping was released on 22 November 2023 and includes the most recent Queensland Herbarium scientific updates to the Regulated Vegetation Management Map, regional ecosystems, essential habitat, wetland and high-value regrowth mapping.

The Department of the Environment, Tourism, Science and Innovation have also updated their koala protection mapping to align with the Queensland Herbarium scientific updates.

The latest version (v10) of the Protected Plants Flora Survey Trigger Map (trigger map) was released on 6 September 2023.

Overview

Based on the lot on plan details you have supplied, this report provides the following detailed information:
Property details - information about the specified Lot on Plan, lot size, local government area, bioregion(s), subregion(s) and catchment(s);

Vegetation management framework - an explanation of the application of the framework and contact details for the Department of Natural Resources and Mines, Manufacturing and Regional and Rural Development which administers the framework;

Vegetation management framework details for the specified Lot on Plan including:

- the vegetation management categories on the property;
- the vegetation management regional ecosystems on the property;
- vegetation management watercourses or drainage features on the property;
- vegetation management wetlands on the property;
- vegetation management essential habitat on the property;
- whether any area management plans are associated with the property;
- whether the property is coastal or non-coastal; and
- whether the property is mapped as Agricultural Land Class A or B;

Protected plant framework - an explanation of the application of the framework and contact details for the Department of the Environment, Tourism, Science and Innovation who administer the framework, including:

- high risk areas on the protected plant flora survey trigger map for the property;

Koala protection framework - an explanation of the application of the framework and contact details for the Department of the Environment, Tourism, Science and Innovation who administer the framework; and

Koala protection framework details for the specified Lot on Plan including:

- the koala district the property is located in;
- koala priority areas on the property;
- core and locally refined koala habitat areas on the property;
- whether the lot is located in an identified koala broad-hectare area; and
- koala habitat regional ecosystems on the property for core koala habitat areas.

This information will assist you to determine your options for managing vegetation under:
- the vegetation management framework, which may include:

- exempt clearing work;
- accepted development vegetation clearing code;
- an area management plan;
- a development approval;

- the protected plant framework, which may include:

- the need to undertake a flora survey;
- exempt clearing;
- a protected plant clearing permit;

- the koala protection framework, which may include:

- exempted development;
- a development approval;
- the need to undertake clearing sequentially and in the presence of a koala spotter.

Other laws

The clearing of native vegetation is regulated by both Queensland and Australian legislation, and some local governments also regulate native vegetation clearing. You may need to obtain an approval or permit under another Act, such as the Commonwealth Government's *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act). Section 8 of this guide provides contact details of other agencies you should confirm requirements with, before commencing vegetation clearing.

The tenure of the land may affect whether clearing is considered exempt clearing work or may be carried out under an accepted development vegetation clearing code.

Does the property Lot: 604 Plan: SP271858 have a freehold tenure and is in the Wet Tropics of Queensland World Heritage Area?

No, this property is not located in the Wet Tropics of Queensland World Heritage Area.

1.2 Property location

Table 2 provides a summary of the locations for property Lot: 604 Plan: SP271858, in relation to natural and administrative boundaries.

2. Vegetation management framework (administered by the Department of Natural Resources and Mines, Manufacturing and Regional and Rural Development (NRMMRRD))

The *Vegetation Management Act 1999* (VMA), the Vegetation Management Regulation 2023, the *Planning Act 2016* and the Planning Regulation 2017, in conjunction with associated policies and codes, form the Vegetation Management Framework.

The VMA does not apply to all land tenures or vegetation types. State forests, national parks, forest reserves and some tenures under the *Forestry Act 1959* and *Nature Conservation Act 1992* are not regulated by the VMA. Managing or clearing vegetation on these tenures may require approvals under these laws.

The following native vegetation is not regulated under the VMA but may require permit(s) under other laws:

- grass or non-woody herbage;
- a plant within a grassland regional ecosystem identified in the Vegetation Management Regional Ecosystem Description Database (VM REDD) as having a grassland structure; and
- a mangrove.

2.1 Exempt clearing work

Exempt clearing work is an activity for which you do not need to notify the Department of Natural Resources and Mines, Manufacturing and Regional and Rural Development or obtain an approval under the vegetation management framework. Exempt clearing work was previously known as exemptions.

In areas that are mapped as Category X (white in colour) on the regulated vegetation management map (see section 4.1), and where the land tenure is freehold, indigenous land and leasehold land for agriculture and grazing purposes, the clearing of vegetation is considered exempt clearing work and does not require notification or development approval under the vegetation management framework. For all other land tenures, contact the Department of Natural Resources and Mines, Manufacturing and Regional and Rural Development before commencing clearing to ensure that the proposed activity is exempt clearing work.

A range of routine property management activities are considered exempt clearing work. A list of exempt clearing work is available at

https://www.qld.gov.au/environment/land/management/vegetation/clearing-approvals/exemptions/.

Exempt clearing work may be affected if the proposed clearing area is subject to development approval conditions, a covenant, an environmental offset, an exchange area, a restoration notice, or an area mapped as Category A. Exempt clearing work may require approval under other Commonwealth, State or Local Government laws, or local government planning schemes. Contact the Department of Natural Resources and Mines, Manufacturing and Regional and Rural Development prior to clearing in any of these areas.

2.2 Accepted development vegetation clearing codes

Some clearing activities can be undertaken under an accepted development vegetation clearing code. The codes can be downloaded at

https://www.qld.gov.au/environment/land/management/vegetation/clearing-approvals/codes/

If you intend to clear vegetation under an accepted development vegetation clearing code, you must notify the Department of Natural Resources and Mines, Manufacturing and Regional and Rural Development before commencing. The information in this report will assist you to complete the online notification form.

You can complete the online form at
https://vegetation-apps.nrmmrrd.qld.gov.au

2.3 Area management plans

Area Management Plans (AMP) provide an alternative approval system for vegetation clearing under the vegetation management framework. They list the purposes and clearing conditions that have been approved for the areas covered by the plan. It is not necessary to use an AMP, even when an AMP applies to your property.

On 8 March 2020, AMPs ended for fodder harvesting, managing thickened vegetation and managing encroachment. New notifications cannot be made for these AMPs. You will need to consider options for fodder harvesting, managing thickened vegetation or encroachment under a relevant accepted development vegetation clearing code or apply for a development approval.

New notifications can be made for all other AMPs. These will continue to apply until their nominated end date.

If an Area Management Plan applies to your property for which you can make a new notification, it will be listed in Section 3.7 of this report. Before clearing under one of these AMPs, you must first notify the Department of Natural Resources and Mines, Manufacturing and Regional and Rural Development and then follow the conditions and requirements listed in the AMP.

https://www.qld.gov.au/environment/land/management/vegetation/clearing-approvals/area-management-plans

2.4 Development approvals

If under the vegetation management framework your proposed clearing is not exempt clearing work, or is not permitted under an accepted development vegetation clearing code, or an AMP, you may be able to apply for a development approval. Information on how to apply for a development approval is available at

https://www.qld.gov.au/environment/land/management/vegetation/clearing-approvals/development

3.1 Vegetation categories

The vegetation categories on your property are shown on the regulated vegetation management map in section 4.1 of this report. A summary of vegetation categories on the subject lot are listed in Table 3. Descriptions for these categories are shown in Table 4.

Table 3: Vegetation categories for subject property

Vegetation category	Area (ha)
Category X	0.08

Table 4: Description of vegetation categories

Category	Colour on Map	Description	Requirements / options under the vegetation management framework
A	red	Compliance areas, environmental offset areas and voluntary declaration areas	Special conditions apply to Category A areas. Before clearing, contact the Department of Natural Resources and Mines, Manufacturing and Regional and Rural Development to confirm any requirements in a Category A area.
B	dark blue	Remnant vegetation areas	Exempt clearing work, or notification and compliance with accepted development vegetation clearing codes, area management plans or development approval.
C	light blue	High-value regrowth areas	Exempt clearing work, or notification and compliance with managing Category C regrowth vegetation accepted development vegetation clearing code.
R	yellow	Regrowth within 50m of a watercourse or drainage feature in the Great Barrier Reef catchment areas	Exempt clearing work, or notification and compliance with managing Category R regrowth accepted development vegetation clearing code or area management plans.
X	white	Clearing on freehold land, indigenous land and leasehold land for agriculture and grazing purposes is considered exempt clearing work under the vegetation management framework. Contact the Department to clarify whether a development approval is required for other State land tenures.	No permit or notification required on freehold land, indigenous land and leasehold land for agriculture and grazing. A development approval may be required for some State land tenures.

3.2 Property Map of Assessable Vegetation (PMAV)

There is no Property Map of Assessable Vegetation (PMAV) present on this property.

3.3 Regional ecosystems

The endangered, of concern and least concern regional ecosystems on your property are shown on the vegetation management supporting map in section 4.2 and are listed in Table 5.

A description of regional ecosystems can be accessed online at
https://www.qld.gov.au/environment/plants-animals/plants/ecosystems/descriptions/

Table 5: Regional ecosystems present on subject property

Regional Ecosystem	VMA Status	Category	Area (Ha)	Short Description	Structure Category
non-rem	None	X	0.08	None	None

Please note:
1. All area and area derived figures included in this table have been calculated via reprojecting relevant spatial features to Albers equal-area conic projection (central meridian = 146, datum Geocentric Datum of Australia 1994). As a result, area figures may differ slightly if calculated for the same features using a different co-ordinate system.
2. If Table 5 contains a Category 'plant', please be aware that this refers to 'plantations' such as forestry, and these areas are considered non-remnant under the VMA.

The VMA status of the regional ecosystem (whether it is endangered, of concern or least concern) also determines if any of the following are applicable:

- exempt clearing work;
- accepted development vegetation clearing codes;
- performance outcomes in State Code 16 of the State Development Assessment Provisions (SDAP).

3.4 Watercourses

Vegetation management watercourses and drainage features for this property are shown on the vegetation management supporting map in section 4.2.

3.5 Wetlands

There are no vegetation management wetlands present on this property.

3.6 Essential habitat

Under the VMA, essential habitat for protected wildlife is native wildlife prescribed under the *Nature Conservation Act 1992* (NCA) as critically endangered, endangered, vulnerable or near-threatened wildlife.

Essential habitat for protected wildlife includes suitable habitat on the lot, or where a species has been known to occur up to 1.1 kilometres from a lot on which there is assessable vegetation. These important habitat areas are protected under the VMA.

Any essential habitat on this property will be shown as blue hatching on the vegetation supporting map in section 4.2.

If essential habitat is identified on the lot, information about the protected wildlife species is provided in Table 6 below. The numeric labels on the vegetation management supporting map can be cross referenced with Table 6 to outline the essential habitat factors for that particular species. There may be essential habitat for more than one species on each lot, and areas of Category A, Category B and Category C can be mapped as Essential Habitat.

Essential habitat is compiled from a combination of species habitat models and buffered species records. Regional ecosystem is a mandatory essential habitat factor, unless otherwise stated. Essential habitat, for protected wildlife, means an area of vegetation shown on the Regulated Vegetation Management Map -

1) that has at least 3 essential habitat factors for the protected wildlife that must include any essential habitat factors that are stated as mandatory for the protected wildlife in the essential habitat database. Essential habitat factors are comprised of - regional ecosystem (mandatory for most species), vegetation community, altitude, soils, position in landscape; or
2) in which the protected wildlife, at any stage of its life cycle, is located.

If there is no essential habitat mapping shown on the vegetation management supporting map for this lot, and there is no table in the sections below, it confirms that there is no essential habitat on the lot.

3.9 Agricultural Land Class A or B

The following can be used to identify Agricultural Land Class A or B areas under the "Managing regulated regrowth vegetation" accepted development vegetation clearing code:

Does this lot contain land that is mapped as Agricultural Land Class A or B in the State Planning Interactive Mapping System?

No Class A

No Class B

Note - This confirms Agricultural Land Classes as per the State Planning Interactive Mapping System only. This response does not include Agricultural Land Classes identified under local government planning schemes. For further information, check the Planning Scheme for your local government area.

See Map 4.4 to identify the location and extent of Class A and/or Class B Agricultural land on Lot: 604 Plan: SP271858.

Vegetation management maps included in this report may also be requested individually at: https://www.qld.gov.au/environment/land/management/vegetation/maps/map-request

Regulated vegetation management map
The regulated vegetation management map shows vegetation categories needed to determine clearing requirements. These maps are updated monthly to show new property maps of assessable vegetation (PMAV).

Vegetation management supporting map
The vegetation management supporting map provides information on regional ecosystems, wetlands, watercourses and essential habitat.

Coastal/non-coastal map
The coastal/non-coastal map confirms whether the lot, or which parts of the lot, are considered coastal or non-coastal for the purposes of the accepted development vegetation clearing codes and State Code 16 of the State Development Assessment Provisions (SDAP).

Agricultural Land Class A or B as per State Planning Policy: State Interest for Agriculture
The Agricultural Land Class map confirms the location and extent of land mapped as Agricultural Land Classes A or B as identified on the State Planning Interactive Mapping System. Please note that this map does not include areas identified as Agricultural Land Class A or B in local government planning schemes. This map can be used to identify Agricultural Land Class A or B areas under the "Managing regulated regrowth vegetation" accepted development vegetation clearing code.

5. Protected plants framework (administered by the Department of the Environment, Tourism, Science and Innovation(DETSI))

In Queensland, all plants that are native to Australia are protected plants under the *Nature Conservation Act 1992* (NCA). The NCA regulates the clearing of protected plants 'in the wild' (see Operational policy: When a protected plant in Queensland is considered to be 'in the wild') that are listed as critically endangered, endangered, vulnerable or near threatened under the Act.

Please note that the protected plant clearing framework applies irrespective of the classification of the vegetation under the *Vegetation Management Act 1999* and any approval or exemptions given under another Act, for example, the *Vegetation Management Act 1999* or *Planning Regulation 2017*.

5.1 Clearing in high risk areas on the flora survey trigger map

The flora survey trigger map identifies high-risk areas for threatened and near threatened plants. These are areas where threatened or near threatened plants are known to exist or are likely to exist based on the habitat present. The flora survey trigger map for this property is provided in section 5.5.

If you are proposing to clear an area shown as high risk on the flora survey trigger map, a flora survey of the clearing impact area must be undertaken by a suitably qualified person in accordance with the Flora survey guidelines. The main objective of a flora survey is to locate any threatened or near threatened plants that may be present in the clearing impact area.

If the flora survey identifies that threatened or near threatened plants are not present within the clearing impact area or clearing within 100m of Endangered, Vulnerable, Near-Threatened (EVNT) plants can be avoided, the clearing activity is exempt from a permit. An exempt clearing notification form must be submitted to the Department of the Environment, Tourism, Science and Innovation, with a copy of the flora survey report, at least one week prior to clearing.

If the flora survey identifies that threatened or near threatened plants are present in, or within 100m of, the area to be cleared, a clearing permit is required before any clearing is undertaken. The flora survey report, as well as an impact management report, must be submitted with the clearing permit application form.

5.2 Clearing outside high risk areas on the flora survey trigger map

In an area other than a high risk area, a clearing permit is only required where a person is, or becomes aware that threatened or near threatened plantsare present in, or within 100m of, the area to be cleared. You must keep a copy of the flora survey trigger map for the area subject to clearing for five years from the day the clearing starts. If you do not clear within the 12 month period that the flora survey trigger map was printed, you need to print and check a new flora survey trigger map.

5.3 Exemptions

Many activities are 'exempt' under the protected plant clearing framework, which means that clearing of native plants that are in the wild can be undertaken for these activities with no need for a flora survey or a protected plant clearing permit. The Information sheet - General exemptions for the take of protected plants provides some of these exemptions.

Some exemptions under the NCA are the same as exempt clearing work (formerly known as exemptions) under the *Vegetation Management Act 1999* (i.e. listed in Schedule 21 of the Planning Regulations 2017) while some are different.

5.5 Protected plants flora survey trigger map

This map included may also be requested individually at: https://apps.des.qld.gov.au/map-request/flora-survey-trigger/.

Updates to the data informing the flora survey trigger map

The flora survey trigger map will be reviewed, and updated if necessary, at least every 12 months to ensure the map reflects the most up-to-date and accurate data available.

Species information

Please note that flora survey trigger maps do not identify species associated with 'high risk areas'. While some species information may be publicly available, for example via the Queensland Spatial Catalogue, the Department of the Environment, Tourism, Science and Innovation does not provide species information on request. Regardless of whether species information is available for a particular high risk area, clearing plants in a high risk area may require a flora survey and/or clearing permit. Please see the Department of the Environment, Tourism, Science and Innovation webpage on the clearing of protected plants for more information.

6. Koala protection framework (administered by the Department of the Environment, Tourism, Science and Innovation(DETSI))

The koala (*Phascolarctos cinereus*) is listed in Queensland as endangered by the Queensland Government under *Nature Conservation Act 1992* and by the Australian Government under the *Environment Protection and Biodiversity Conservation Act 1999*.

The Queensland Government's koala protection framework is comprised of the *Nature Conservation Act 1992*, the Nature Conservation (Animals) Regulation 2020, the Nature Conservation (Koala) Conservation Plan 2017, the *Planning Act 2016* and the Planning Regulation 2017.

6.1 Koala mapping

6.1.1 Koala districts

The parts of Queensland where koalas are known to occur has been divided into three koala districts - koala district A, koala district B and koala district C. Each koala district is made up of areas with comparable koala populations (e.g. density, extent and significance of threatening processes affecting the population) which require similar management regimes.

Section 7.1 identifies which koala district your property is located in.

6.1.2 Koala habitat areas

Koala habitat areas are areas of vegetation that have been determined to contain koala habitat that is essential for the conservation of a viable koala population in the wild based on the combination of habitat suitability and biophysical variables with known relationships to koala habitat (e.g. landcover, soil, terrain, climate and ground water). In order to protect this important koala habitat, clearing controls have been introduced into the Planning Regulation 2017 for development in koala habitat areas.

Please note that koala habitat areas only exist in koala district A which is the South East Queensland "Shaping SEQ" Regional Plan area. These areas include the local government areas of Brisbane, Gold Coast, Logan, Lockyer Valley, Ipswich, Moreton Bay, Noosa, Redland, Scenic Rim, Somerset, Sunshine Coast and Toowoomba (urban extent).

There are two different categories of koala habitat area (core koala habitat area and locally refined koala habitat), which have been determined using two different methodologies. These methodologies are described in the document Spatial modelling in South East Queensland.

Section 7.2 shows any koala habitat area that exists on your property.

Under the Nature Conservation (Koala) Conservation Plan 2017, an owner of land (or a person acting on the owner's behalf with written consent) can request to make, amend or revoke a koala habitat area determination if they believe, on reasonable grounds, that the existing determination for all or part of their property is incorrect.

More information on requests to make, amend or revoke a koala habitat area determination can be found in the document Guideline - Requests to make, amend or revoke a koala habitat area determination.

The koala habitat area map will be updated at least annually to include any koala habitat areas that have been made, amended or revoked.

Changes to the koala habitat area map which occur between annual updates because of a request to make, amend or revoke a koala habitat area determination can be viewed on the register of approved requests to make, amend or revoke a koala habitat area available at: https://environment.des.qld.gov.au/wildlife/animals/living-with/koalas/mapping/koalamaps. The register includes the lot on plan for the change, the date the decision was made and the map issued to the landholder that shows areas determined to be koala habitat areas.

6.1.3 Koala priority areas

Koala priority areas are large, connected areas that have been determined to have the highest likelihood of achieving conservation outcomes for koalas based on the combination of habitat suitability, biophysical variables with known relationships to koala habitat (e.g. landcover, soil, terrain, climate and ground water) and a koala conservation cost benefit analysis.

Conservation efforts will be prioritised in these areas to ensure the conservation of viable koala populations in the wild

including a focus on management (e.g. habitat protection, habitat restoration and threat mitigation) and monitoring. This includes a prohibition on clearing in koala habitat areas that are in koala priority areas under the Planning Regulation 2017 (subject to some exemptions).

Please note that koala priority areas only exist in koala district A which is the South East Queensland "Shaping SEQ" Regional Plan area. These areas include the local government areas of Brisbane, Gold Coast, Logan, Lockyer Valley, Ipswich, Moreton Bay, Noosa, Redland, Scenic Rim, Somerset, Sunshine Coast and Toowoomba (urban extent).

Section 7.2 identifies if your property is in a koala priority area.

6.1.4 Identified koala broad-hectare areas

There are seven identified koala broad-hectare areas in SEQ. These are areas of koala habitat that are located in areas committed to meet development targets in the SEQ Regional Plan to accommodate SEQ's growing population including bring-forward Greenfield sites under the Queensland Housing Affordability Strategy and declared master planned areas under the repealed *Sustainable Planning Act 2009* and the repealed *Integrated Planning Act 1997*.

Specific assessment benchmarks apply to development applications for development proposed in identified koala broad-hectare areas to ensure koala conservation measures are incorporated into the proposed development.

Section 7.2 identifies if your property is in an identified koala broad-hectare area.

6.2 Koala habitat planning controls

On 7 February 2020, the Queensland Government introduced new planning controls to the Planning Regulation 2017 to strengthen the protection of koala habitat in South East Queensland (i.e. koala district A).

More information on these planning controls can be found here:
https://environment.des.qld.gov.au/wildlife/animals/living-with/koalas/mapping/legislation-policy.

As a high-level summary, the koala habitat planning controls make:

- development that involves interfering with koala habitat (defined below) in an area that is both a koala priority area and a koala habitat area, prohibited development (i.e. development for which a development application cannot be made);
- development that involves interfering with koala habitat (defined below) in an area that is a koala habitat area but is not a koala priority area, assessable development (i.e. development for which development approval is required); and
- development that is for extractive industries where the development involves interfering with koala habitat (defined below) in an area that is both a koala habitat area and a key resource area, assessable development (i.e. development for which development approval is required).

Interfering with koala habitat means:

1. Removing, cutting down, ringbarking, pushing over, poisoning or destroying in anyway, including by burning, flooding or draining native vegetation in a koala habitat area; but
2. Does not include destroying standing vegetation stock or lopping a tree.

However, these planning controls do not apply if the development is exempted development as defined in Schedule 24 of the Planning Regulation 2017. More information on exempted development can be found here:
https://environment.des.qld.gov.au/wildlife/animals/living-with/koalas/mapping/legislation-policy.

There are also assessment benchmarks that apply to development applications for:

- building works, operational works, material change of use or reconfiguration of a lot where:

  - the local government planning scheme makes the development assessable;
  - the premises includes an area that is both a koala priority area and a koala habitat area; and
  - the development does not involve interfering with koala habitat (defined above); and

- development in identified koala broad-hectare areas.

The Guideline - Assessment Benchmarks in relation to Koala Habitat in South East Queensland assessment benchmarks outlines these assessment benchmarks, the intent of these assessment benchmarks and advice on how proposed development may meet these assessment benchmarks.

6.3 Koala Conservation Plan clearing requirements

Section 10 and 11 of the Nature Conservation (Koala) Conservation Plan 2017 prescribes requirements that must be met when clearing koala habitat in koala district A and koala district B.

These clearing requirements are independent to the koala habitat planning controls introduced into the Planning Regulation 2017, which means they must be complied with irrespective of any approvals or exemptions offered under other legislation.

Unlike the clearing controls prescribed in the Planning Regulation 2017 that are to protect koala habitat, the clearing requirements prescribed in the Nature Conservation (Koala) Conservation Plan 2017 are in place to prevent the injury or death of koalas when koala habitat is being cleared.

FloodWise Property Report

604/26 STATION ST, NUNDAH 4012
Lot 604 on SP271858

Dedicated to a better Brisbane

THE PURPOSE OF THIS REPORT IS FOR BUILDING AND DEVELOPMENT

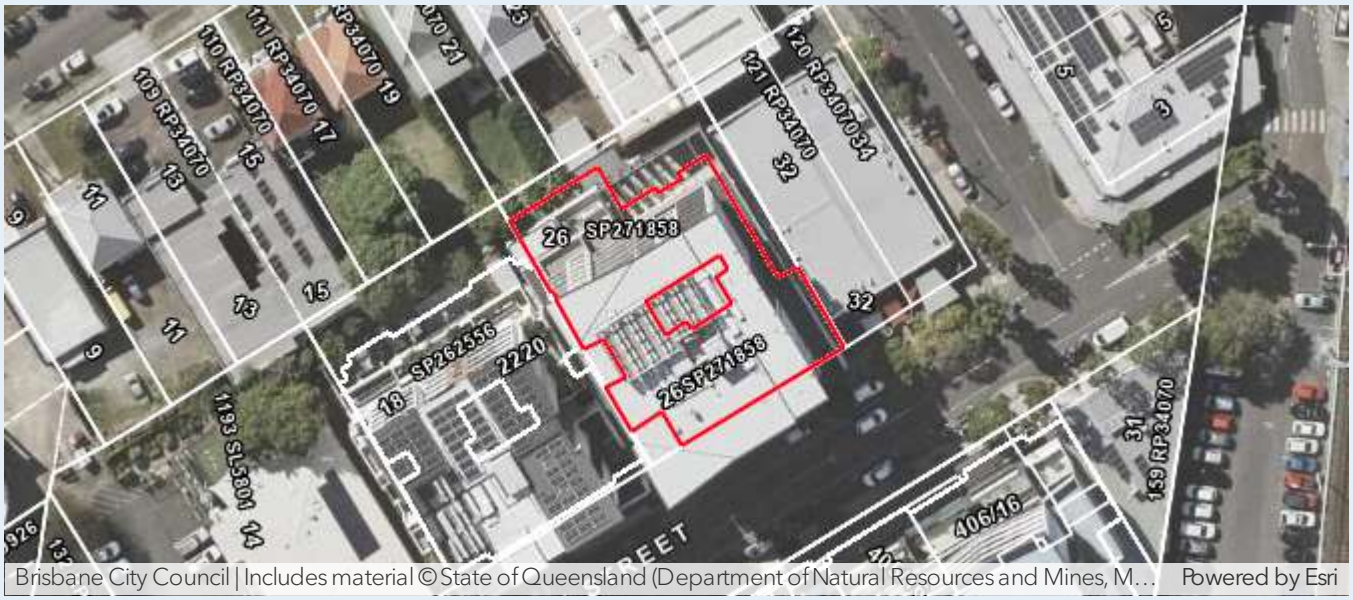
Brisbane City Council's FloodWise Property Report **provides technical flood planning information** including estimated flood levels, habitable floor level requirements and more. **This report uses the adopted flood planning information in Brisbane City Plan 2014**, that guides how land in Brisbane is used and developed for the future. Find out more about planning and building. To understand how to be **resilient and prepare for floods**, visit Council's Be Prepared webpage. Find more information about how to read a FloodWise Property Report.

This property has no flood levels

Brisbane City Council has not assigned flood level information for this property however it may be affected by one or more flood or property development flags. Please refer to the Flood Planning and Development Information below for details. The property may have 0.2% AEP flood level which will appear on the Flood Planning Information table if applicable. For professional advice or detailed assessment of a property contact a Registered Professional Engineer of Queensland.

Visit the Be Prepared page to find more information on how to prepare your home or business for potential flooding.

Combined 1% AEP for river, creek and storm tide flood extent (if applicable) from the adopted Brisbane City Plan 2014.
Read more about Brisbane City Plan 2014.



Are you resilient and ready for flood?

- Sign up to the Brisbane Severe Weather Alert at **brisbane.qld.gov.au/beprepared**
- Visit bom.gov.au for the latest weather updates.
- Have an evacuation plan, emergency kit and important phone numbers ready.
- Observe where water flows from and to during heavy rain.
- Consider how flood-resilient building techniques will have you home faster and with less damage.

Technical Summary

This section of the FloodWise Property Report contains more detailed flood information for this property so **surveyors, builders, certifiers, architects, and engineers can plan and build** in accordance with Council's planning scheme.

Find more information about **planning and building** in Brisbane or talk to a Development Services Planning Information Officer via Council's Contact Centre on (07) 3403 8888.

Flood Planning and Development Information

This section of the FloodWise Property Report contains information about Council's planning scheme overlays. Overlays identify areas within the planning scheme that reflect distinct themes that may include constrained land and/or areas sensitive to the effects of development.

Flood overlay code

The Flood overlay code of Council's planning scheme uses the following information to provide guidelines when developing properties. The table below summarises the flood planning areas (FPAs) that apply to this property. Development guidelines for the FPAs are explained in **Council's planning scheme**.

Flood planning areas (FPA)		
River	**Creek / waterway**	**Overland flow**
		Not Applicable

To find more information about Council's flood planning areas (FPAs) for Brisbane River and Creek/waterway flooding to guide future building and development in flood prone areas, please review **Council's Flood Planning Provisions**.

Coastal hazard overlay code

The Coastal hazard overlay code of Council's planning scheme uses the following information to provide guidelines when conducting new developments. The table below summarises the coastal hazard categories that apply to this property. Development guidelines for the following Coastal hazard overlay sub-categories are explained in Council's **planning scheme**.

Coastal hazard overlay sub-categories
There are currently no Coastal hazard overlay sub-categories that apply to this property.

Note: Where land is identified within one for more flood planning areas on the Flood overlay or is identified within one of the Storm tide inundation area sub-categories on the Coastal hazard overlay, the assessment criteria that provides the highest level of protection from any source of flooding applies.

Useful Flood Information Definitions

Australian Height Datum (AHD) - The reference level for defining ground levels in Australia. The level of 0.0m AHD is approximately mean sea level.

Annual Exceedance Probability (AEP) - The probability of a flood event of a given size occurring in any one year, usually expressed as a percentage annual chance.

- **0.2% AEP** - A flood event of this size is considered rare but may still occur. A flood of size or larger has a 1 in 500 chance or a 0.2% probability of occurring in any year.
- **1% AEP** - A flood of this size or larger has a 1 in 100 chance or a 1% probability of occurring in any year.
- **2% AEP** - A flood of this size or larger has a 1 in 50 chance or a 2% probability of occurring in any year.
- **5% AEP** - A flood of this size or larger has a 1 in 20 chance or a 5% probability of occurring in any year.
- **20% AEP** - A flood of this size or larger has a 1 in 5 chance or a 20% probability of occurring in any year.

Data quality

- **Data Quality Code A** - Level data based on recent surveyor report or approved as-constructed drawings.
- **Data Quality Code B** - Level data based on ground-based mobile survey or similar.
- **Data Quality Code C** - Level data derived from Airborne Laser Scanning or LiDAR information.

Defined Flood Level (DFL) - The DFL is used for commercial and industrial development. The Defined flood level (DFL) for Brisbane River flooding is a level of 3.7m AHD at the Brisbane City Gauge based on a flow of 6,800 m/s. DFL is only applicable for non-residential uses affected by Brisbane River flooding.

Flood planning area (FPA) - Council has developed five Flood planning areas (FPAs) as part of Brisbane City Plan 2014 Flood overlay mapping for Brisbane River, Creek/waterway flooding and Overland flow to guide future building and development in flood prone areas. Storm tide flooding is mapped separately. The FPAs are designed to recognise the flood hazard for different flooding types. Flood hazard is a combination of frequency of flooding, the flood depth, and the speed at which the water is travelling. **Find more information here**.

Maximum and minimum ground level - Highest and lowest ground levels on the property based on available ground level information. A Registered Surveyor can confirm exact ground levels.

Minimum habitable floor level (dwelling house) - The minimum level in metres AHD at which habitable areas of development (generally induding bedrooms, living rooms, kitchen, study, family, and rumpus rooms) must be constructed as required by the Brisbane City Plan 2014.

Indicative existing floor level - The approximate level in metres AHD of the lowest habitable floor in the existing building (exduding apartments). The data is sourced from a range of sources with varying accuracy levels.
