Occupancy expectation:

While economic factors always play a role in vacancy rates, as a guide we'd anticipate two week-long bookings over Christmas and New Year, strong demand across all long weekends, and steady enquiries for school holidays and weekend escapes — particularly through the summer and warmer months when coastal stays are at their peak.

Please note, these figures are a conservative estimate only and are influenced by outside factors. The way in which the property is furnished/ styled, guest occupancy (10+) etc will impact bookings and rates. Call us for a free no obligation chat, 0417 045 022. We'd love to assist also in getting you up and running!
