What is the zoning?	R5 Large Lot Residential
What are the Council Rates?	\$834 per quarter approx.
Is there potential for a second dwelling?	Refer to council
Are there any easements on the land?	Refer to contract

Zoning According to NSW Planning

This zone is intended to cater for development that provides for residential housing in a rural setting, often adjacent to towns or metropolitan areas. The allocation of large lot residential land should be justified by council's housing/settlement strategy prepared in accordance with planning principles set out in regional and subregional strategies, s.117 directions and relevant SEPPs. Access to reticulated sewerage and water systems should be considered when determining appropriate minimum lot sizes. Lot sizes can be varied within the zone depending on the servicing availability and other factors such as topography, native vegetation characteristics and surrounding agricultural land uses.

Objectives

To provide residential housing in a rural setting while preserving, and minimising impacts on, environmentally sensitive locations and scenic quality.

- To ensure that large residential lots do not hinder the proper and orderly development of urban areas in the future.
- To ensure that development in the area does not unreasonably increase the demand for public services or public facilities.
- To minimise conflict between land uses within this zone and land uses within adjoining zones.
